President Speaks on Purpose
of Government in the
Pacific Isles
ADDRESS AT FARGO, N. D.

Blizzard Has Subsided and the
Weather Turns Clear
and Bracing.

Fargo, N. D., April 7.—Notwith-
standing yesterday's severe blizzard,
the weather today was clear and
bracing and the program for the re-
ception and address of President
Roosevelt was carried out according
to plans. The special train arrived
here during the early morning and at
8:30 o'clock the local reception com-
mittee waited on the president and
after a brief and informal reception
at the train, escorted him in carriages
through the business portion of the city.

One of the features was the wel-
come accorded by the children of the
city, several thousand of whom were
assembled together where the presi-
dent was able to greet them.

THE PRESIDENT SPEAKS.

After the drive the president was
escorted to a stand in front of the
Waldorf hotel, where he addressed a
large crowd. He said in part:

"My Fellow-Citizens: The north-
west, whose sons in the civil war
added such brilliant pages to the
honor roll of the republic, likewise
bore a full share in the struggle of
which the war with Spain was the
beginning; a struggle light indeed
when compared with the gigantic
death wrestle which for four years
stamped to and fro across the south-
ern states in the civil war; but a
struggle fraught with consequences
to the nation, and indeed to the
world, out of all proportion to the
smallness of the effort upon our part.
Three and a half years ago Presi-
dent McKinley spoke in the adjoint
state of Minnesota on the occa-
sion of the return of the Thirtieth
Minnesota Volunteers from the Phil-
ippine islands, where they had served
with their own gallant sons of the
North Dakota regiment. After heart-
ily thanking the returned soldiers
for their valor and patriotism, and
their contemptuous refusal to be
daunted or misled by the outcry
raised at home by the men of little
faith who wished to abandon the
islands, he spoke of the islands them-
selves as follows:

"That congress will provide for
them a government which will bring
them blessings, which will promote
their material interests as well as ad-
vance their people in the path of civi-
lization and intelligence, I confident-
ly believe. They will not be gov-
erned as vassals or serfs or slaves.
They will be given a government of
liberty, regulated by law, honestly
administered, without oppressing ex-
actions, taxation without tyranny,
justice without bribe, education
without distinction of social condi-
tion, freedom of religious worship,
and protection in 'life, liberty, and
the pursuit of happiness.'"

"What he said then lay in the
realm of promise. Now it lies in the
realm of positive performance."

CITES THE RECORD.

"It is a good thing to look back
upon what has been said and com-
pare it with the record of what has
actually been done. If promises are
violated, if pledged word is not
kept, then those who have failed in
their duty should be held up to re-
probation. If, on the other hand, the
promises have been substantially
made good; if the achievement has
kept pace and more than kept pace
with the prophesy, then they who
made the one and are responsible for
the other are entitled of right to
claim the credit which attaches to
those who serve the nation well. This
credit I claim for the men who have
managed so admirably the military
and the civil affairs of the Philippine
islands, and for those other men who
have so heartily backed them in con-
gress, and without whose aid and
support not one thing could have
been accomplished."

"When President McKinley spoke,
the first duty was the restoration of
order; and to this end the use of the
army of the United States—an army
composed of regulars and volunteers
alike—was necessary. To put down
the insurrection and restore peace to
the islands was a duty not only to
ourselves but to the islanders also.
We could not have abandoned the
conflict without shirking this duty;
without proving ourselves recreants
to the memory of our forefathers.
Moreover, if we had abandoned it we
would have inflicted upon the Phil-
ippines the most cruel wrong and

would have doomed them to a bloody
jumble of anarchy and tyranny.
FAILED TO SEE DUTY.

"It seems strange, looking back,
that any of our people should have
failed to recognize a duty so obvi-
ous; but there was such failure, and
the government at home, the civil
authorities in the Philippines, and
above all our gallant army, had to
do their work amid a storm of de-
struction. The army in especial was
attacked in a way which finally did
good, for in the end it aroused the
hearty resentment of the great body
of the American people, not against
the army, but against the army's tra-
ducers. The circumstances of the
war made it one of peculiar diffi-
culty, and our soldiers were exposed to
peculiar wrongs from their foes. They
fought in dense tropical jungles
against enemies who were very
treacherous and very cruel, not only
toward our own men, but toward the
great numbers of friendly natives,
the most peaceable and most civil-
ized among whom eagerly welcomed
our rule. Under such circumstances,
among a hundred thousand hot-
blooded and powerful young men
serving in small detachments on the
other side of the globe, it was impos-
sible that occasional instances of
wrong-doing should not occur. The
fact that they occurred in retaliation
for well-nigh intolerable provoca-
tion can not for one moment be ad-
mitted in the way of excuse or justi-
fication. All good Americans regret
and deplore them; and the war de-
partment has taken every step in its
power to punish the offenders and to
prevent or minimize the chance of
repetition of the offense.

OFFENSES THE EXCEPTION.

"But these offenses were the excep-
tion and not the rule. As a whole our
troops showed not only signal cour-
age and efficiency, but great human-

NEW COMPANY HAS LEASED QUARTERS

Standard Blank Book Company
Goes to Saengerbund
Building—Notes

The new Standard Blank Book
Manufacturing company, the organiza-
tion of which was noted in The Sen-
tinel Saturday, today closed a lease for
a large portion of the second floor of
the Saengerbund building, on West
Main street, where it will immediately
install its equipment. The company
will manufacture blank books of every
description, and expects to get into
business very shortly.

INCREASE OF STOCK.

The Economy Glove company, con-
ducted by Will and Noble Olds and
others at Hamilton and Barr streets,
has just decided upon an increase of
its capital stock from \$8,000 to \$10,-
000, and filed notice of the change to-
day. The company manufactures can-
vas gloves and mittens and is doing
a very successful business.

WILL SOON BE COMPLETE.

The organization of the Meyer Bros.
company, to succeed the old drug
firm of Meyer Bros. & Co., particulars
of which were given by The Sentinel
Monday, will be completed within a
very few days, and a number of em-
ployees of the store will then become
financially interested in the business.
The stockholders will include J. F. W.
Meyer, Charles F. Freese, G. H. Geine,
Arthur Hauke, W. J. Vesey, Robert
Klaehn and E. B. Kunkle. Articles of
incorporation have been filed with the
secretary of state.

his son, Frank L. Albrecht, who died
in 1894, at the age of 23 years, will be
transferred from Concordia cemetery to
Lindenwood, where they will be re-
interred. Klaehn & Melching are in
charge of the work of removing the
bodies, which will be done on Friday
of this week.

TO BEGIN HOWARD TRIAL.

Frankfort, Ky., April 7.—The de-
fense on the Howard murder case to-
day withdrew its application for a
change of venue and the case was
called for trial. The commonwealth
then answered ready and the defense
was given until tomorrow at 9 o'clock
to answer.

FINANCE COMMITTEE TO MEET.

The council committee on finance
will meet on Thursday night to check
up the annual report of the city com-
ptroller.

The members of Anthony Wayne
council, No. 156, Royal League, will

day evening. The event is to be a
stag affair and a general good time
is anticipated by the members.

CONFIRMS PART OF PENNELL RUMORS

Lawyer Thayer, Attorney for
Pennell, Tells of Interview
With Brother.

PENNELL WAS DEFAULTER

Squandered Probably \$200,-
000 Held in Trust by Him
for Eastern Friends.

Buffalo, N. Y., April 7.—Wallace
Thayer, who was Arthur R. Pennell's
friend and legal adviser in his life-
time, was seen today relative to a
published statement quoting him as
saying that there was no doubt that
the story of misappropriations was
true and that Pennell's brother, J.
Frederick Pennell, had pleaded with
him to destroy the trust papers, re-
pudiated much that was attributed to
him and made a brief statement
which embodied, he said, all that he
cared to state at the present time.
Mr. Thayer said:

"J. Frederick Pennell, brother to
A. R. Pennell, came to me last Fri-
day and told me that Arthur had left
large debts to friends in the east.
These debts, he said, were large
enough practically to consume all
the insurance, and he advanced that
as a reason why I should turn over to
him the \$25,000 in insurance which
A. R. Pennell left in trust with me.
He said: 'Unless you do this, there
will be practically nothing left for
me.'"

"J. F. Pennell demanded that I
should pay these policies over, not to
the estate," said Mr. Thayer, "but to
him personally. I suppose his coun-
sel told him to do it. It was one
of the greatest pieces of legal imper-
tinence that I ever heard of. It was
an invitation to me to violate the
trust which had been reposed in me."
"Will you turn the policies over to
the Pennell estate?" was asked.
"Not until the court of appeals or-
ders me to do so," replied Mr. Thayer.

THAYER'S STATEMENT.

Then Mr. Thayer made this state-
ment: "I drew the inference from J. F.
Pennell's statements that his brother
must have made misappropriations of
money. There is a vast amount of
debts against the estate, some \$200,-
000, and I can't see how he could
have got into debt to that amount
unless he spent money belonging to
others."

Thomas Penney, who has been act-
ing as attorney for Pennell's estate,
when seen today was unwilling to
disclose anything regarding Pen-
nell's money transactions. When
asked whether the statement regard-
ing his relations with Burdick, which
Pennell is said to have written out
just prior to his death, would be
made public at the inquest, Mr. Pen-
ney said he knew nothing of any
such statement.

It appears that Pennell induced
friends in the east who had known
his family and the family of his wife
to place money in his hands for in-
vestment. He acted as their finan-
cial agent. He would inform them
of some good investment, which
would pay an excellent rate of inter-
est and they would send him money.
The money which was sent to him
for investment, it is alleged, he spent
and when interest payments fell due
he made the payments out of his own
pocket.

PLANS FOR SUICIDE.

Pennell had contemplated suicide
for two years. He planned two years
ago to throw himself in front of a
train at Peekskill and to make it ap-
pear that his death was an accident.
He stopped off at Peekskill on the
way back from New York with the
intention of committing suicide in
that way, but his nerve failed him.
Before his death he told the story of
the Peekskill incident himself.

During the pan-American exposi-
tion Pennell sought for days for an
opportunity to commit suicide in a
manner that would make death ap-
pear accidental. He had an idea
that he could be run over in some
way while at the exposition, but he
never could nerve himself up to the
point where he could throw himself
under a train or drop under the
wheels of a trolley car.

POLICIES KEPT SECRET.

There are two life policies which
have not been handed over to the ad-
ministrator. One is for \$15,000 and
the other for \$10,000. Those two
policies had been assigned by Pen-
nell in trust to Attorney Wallace
Thayer. In one he was referred to
as "Wallace Thayer, trustee," and in
the other he was designated
"Wallace Thayer, as trustee." The
insurance companies held up the pay-
ments. J. Frederick Pennell, the ad-
ministrator, was called in. He in-

sisted on having more information
before he would consent to the pay-
ment of any insurance money to Mr.
Thayer. It was then that the story
of Pennell's defalcations and his
plans to commit suicide were made
known.

The \$25,000 insurance money as-
signed to Thayer by Pennell in trust
is supposed to be paid over to Mrs.
Burdick in accordance with the pro-
visions of the bond of \$50,000 which
Pennell gave prior to his death. Mr.
Thayer declines to give even the ad-
ministrator of Pennell's estate any
information concerning it.

TEN MEN INJURED BY AN EXPLOSION

Locomotive Boiler Tears Down
Van Wert Round House at
Noon Today.

One man was badly injured, a
half dozen or more slightly injured,
a valuable engine was destroyed and
half of a large round house was laid
in ruins at Van Wert this morning
at 11:30 o'clock by the explosion of
a Cincinnati and Northern locomotive
boiler.

THE CASUALTIES.

Fatally injured:
A. A. Stults.
Slightly injured:
W. A. Miller.
Elmer Counsell.
Walter Sargent.
John Welch.
Loss, \$25,000.

The engine was the No. 108,
which had brought in a passenger
train an hour before. She had just
taken her place in the round house
and Engineer Welch was on her deck
washing up preparator to going
home when the explosion occurred.
The concussion was terrific, sending
brick and debris in all directions and
breaking window glass for several
squares around. The Cincinnati and
Northern round house is located a
short distance north of the Pennsylv-
ania tracks.

FORMED ALLIANCE WITH DANISH KING

Object of Kaiser's Visit to
Copenhagen Was to Se-
cure a New Ally.

Berlin, April 7.—The object of
Emperor William's recent visit to
Denmark, according to Herr Kraus,
editor-in-chief of the Deutsche
Warte, was to arrange for Denmark
to fight on the side of the triple alli-
ance in the event of war with the
dual alliance. Herr Kraus, in com-
municating this information to the
correspondent of the Associated
Press, affirmed that he had authorita-
tive information that Denmark had
agreed to act with the triple alliance,
should an emergency arise.

Various newspapers today publish
descriptions of Denmark's army.
A naval expert completed recently
a series of articles in the Leipzig
Grenzboten on the strategic value of
the Danish ports, showing how pos-
session of them would enable a rela-
tively small fleet to close the Baltic
Sea.

FINDS A NEW GARBAGE LAW.

Mayor Berghoff today discovered a
new law enacted by the last legisla-
ture which will go a long way toward
settling the garbage and refuse ques-
tion. It provides that whoever de-
posits or dumps leaves, tin cans, iron,
old machinery, brush, refuse or debris
on or by any highway, street, road or
alley, shall be deemed guilty of a mis-
demeanor and may be fined in any
sum not to exceed fifty dollars. Here-
before this question, in the city at
least, was regulated by ordinances,
which were sometimes hard to en-
force. Now that the measure is a
state one, its enforcement will be less
difficult.

OLD YALE GUARD HONORED.

Minneapolis, April 7.—It transpires
that President Roosevelt, in the course
of his recent stay in this city, offered
the vacancy in the civil service com-
mission to W. W. Heffelfinger, the
famous Yale guard, and now a leading
citizen of Minneapolis. Mr. Heffelfinger
has not yet given his answer.

TILLMAN IS INDICTED.

Columbia, S. C., April 7.—The grand
jury today returned a true bill against
James H. Tillman, charging him with
the murder of N. G. Gonzales in this
city last January. In the indictment
also occurs the charge of carrying con-
cealed weapons.

ELECTIONS ON IN SEVERAL STATES

Many Cities Today are Choos-
ing Municipal Officers at
the Polls.

BIG INTEREST IN CHICAGO

Vote Gets Out Early and Will
Be Heavy—Both Sides
Are Confident.

Chicago, April 7.—Municipal elec-
tions are being held today in Illinois,
Wisconsin, Missouri, Kansas, Ne-
braska and Colorado. Reports gen-
erally show good weather and a
heavy vote. In Kansas women are
voting in large numbers. In Ne-
braska voters are chiefly interested in
the "no license" issue.

GREAT INTEREST IN CHICAGO.

Chicago, April 7.—Election day op-
ened clear and cool and there is every
indication that a heavy early vote
will be polled. The fact that Harrison
was conceded to be the logical
democratic candidate long before the
primaries, and the lively contest be-
tween Stewart and Harlan for the
republican nomination aroused un-
usual interest in today's contest and
it is believed will result in the larg-
est vote ever cast at a local election.

As the day progressed the expec-
tations of the party leaders began to
be realized. The labor vote is esti-
mated to have been in a large meas-
ure polled between 8 and 8 o'clock,
and was unusually heavy. In many
wards fully 50 per cent of the regis-
tered vote was said to have been cast
by 11 o'clock. The ward workers
were astir early, and the 250,000
cards which are said to have been at-
tached to door knobs throughout the
city urging voters to go to the polls,
appear to have had the desired effect.
Neither side seems to have lost any
of the confidence displayed yester-
day and both republican and democ-
ratic leaders claim a plurality of
over 30,000 for their respective can-
didates. No disorder has been re-
ported from any of the polling places.

ST. LOUIS WAKES UP.

St. Louis, Mo., April 7.—Owing to
the recent boodles, convictions more
than ordinary interest is shown in
the election today for members of the
city council and house of delegates.
Members of the board of education
are also being voted for. A bright,
clear day promises to bring out a
fuller vote than is usually cast at off
year city elections in St. Louis. There
are five tickets in the field.

RECEIVES MANY CONDOLENCES.

Paris, April 7.—Many letters and
cablegrams of condolence on the sud-
den death yesterday of Mrs. Porter,
wife of Ambassador Porter, have
been received at the United States
embassy. Representatives of the
French government took an early oc-
casion to express the sense of grief
they felt. Foreign Minister Del-
casse wrote a personal letter to Gen-
eral Porter. Throughout the morn-
ing members of the diplomatic corps
and members of the American colony
called at the embassy to inscribe
their names on the register. Miss
Elsie Porter will arrive this after-
noon. The funeral will occur Thurs-
day morning at 11 o'clock in the
American church. Dr. Thurber will
officiate. The body will then be
placed in a vault, pending the final
plans for its disposition.

DUEL IN THE STREET.

Fayette, Mo., April 7.—James Leach
was shot and killed on the public
square today by Norman Smallwood,
his father-in-law. The men exchanged
a dozen shots. Leach was struck five
times, fell, got up and ran half a
square, waving his pistol, when he
fell again, dying in a few minutes.
Leach had just secured a divorce from
his wife and was leaving the court
house when he met Smallwood, and
the shooting began. The streets were
crowded and there was much excite-
ment. Smallwood, who was unhurt,
was arrested. Both men are farmers.

HE NEEDED THE MONEY.

Fred Oesterman, a man employed
by William Lewis, the colored truck-
man, is anxiously looked for by his
employer and the Fort Wayne Sad-
dlery company, the latter also being
interested in the return of \$12 which
the smooth Mr. Oesterman got from
them. Lewis does the trucking for
the company, who knew that Oester-
man was in his employ. Oesterman
went to the office of the company and
said that there was a bundle of goods

at the depot upon which the charges
were \$12 and asked for the money
to get it out so that he could deliver
the goods. The money was handed
out without question and nothing
more was thought of it until the man
failed to return with the goods. An
investigation showed that he had
skipped and Lewis said that there
was no package awaiting delivery
any place. Then the situation
dawned upon them and a warrant
was sworn out for the fugitive by his
employer. The sheriff has the war-
rant, but Oesterman, who has a police
record, is not to be found.

ARCHBISHOP FOR PHILIPPINES

Rome, April 7.—The Right Rev.
George Montgomery, coadjutor arch-
bishop of San Francisco, Cal., has
been appointed archbishop of Manila.

ANOTHER PROBING INTO DREYFUS CASE

M. Jaures' Speech in French
Chamber Will Have Some
Early Results.

Paris, April 7.—The renewal of the
Dreyfus discussion in the chamber of
deputies drew a great crowd to the
house today. The galleries were
packed and there was much excite-
ment on the floor. The debate evi-
dently was arousing great bitterness.
M. Jaures renewed his criticisms of
the methods adopted to convict
Dreyfus, asserting that after the
Colonel Henry incident the war office
adopted the plan of using the incrim-
inating letter which was falsely
ascribed to Emperor William.

As M. Jaures proceeded with his
speech there were continuous inter-
ruptions and much disorder.

M. Jaures closed with a demand
that the government conduct an ad-
ministrative investigation into the
letter sent by General Pellieux to
M. Cavaignac when the latter was
war minister in 1898. The socialist
leader received a prolonged ovation
as he resumed his seat, members of
the right party shouting to him:
"Go to Berlin."

Minister of War Andre followed.
He declared the government pro-
posed to seek the truth and confirmed
the facts in connection with the
Pellieux letter, as stated by M.
Jaures.

General Andre, amid great ap-
plause, closed his remarks with an
acceptance of the proposition to in-
stitute an administrative inquiry,
which, he added, would be conducted
with the assistance of certain judges.
Former War Minister Cavaignac
then demanded that he be heard and
proceeded to speak amid uproar and
confusion.

The Francais asserts that the
council of ministers today took cog-
nizance of the efforts made in the
chamber of deputies yesterday by M.
Jaures, socialist, to reopen the Drey-
fus case and authorized War Min-
ister Andre to resist the proposition for
a parliamentary inquiry into the
latest charges made on the ground
that if M. Jaures is in possession of
any new facts the war office will take
the initiative in inquiring into them.

NEW DOCTORS WILL GRADUATE APRIL 22

Class of Five to Receive Degree
from the Fort Wayne Col-
lege of Medicine

Lectures and recitations at the Fort
Wayne College of Medicine will close
with the present week and next Mon-
day the annual examination marking
the close of the college year will be-
gin. The final meeting of the fac-
ulty will be held Thursday afternoon
at 4 o'clock.

The annual commencement exer-
cises will be held at Masonic Temple
Wednesday evening, April 22, and
Dr. H. A. Duemling will deliver the
address to the class. The candidates
for graduation are five in number
and include Garrett Von Sweringen,
Fort Wayne; Corwin B. Price, Con-
voy, Ohio; Albert E. Stoler, Fort
Wayne; Herman C. Glock, Roanoke,
and Marion C. Glock, Fort Wayne.
The class as it entered the college
four years ago was composed of sev-
enteen members.

The Baptist Temple, Brooklyn, has
a remarkable chorus choir. For the
past year 34 of the members had a
perfect record of attendance, and the
average of the entire chorus was over
95 per cent. The chorus has an or-
ganization of its own. This chorus
has done fine work for a number of
years.

KING ALEXANDER EXECUTES A COUP

Monarch of Servia Suspends
the Constitution and
Abolishes Laws.

OLD LAWS ARE RE-ENACTED

Retires Senators and Council-
lors of State and Dis-
solves Parliament.

Belgrade, Servia, April 7.—King
Alexander today executed a coup
d'etat. He issued two proclamations,
the first decreeing a suspension of
the constitution adopted April 19,
1901, repealing objectionable laws
passed thereunder, retiring the sena-
tors and the councillors of state, dis-
solving the skupshtina and re-enact-
ing the laws as they existed previous
to the constitution of 1901. The
second proclamation restores this
constitution to its former validity.

In the first proclamation the king
says the senate and the skupshtina,
created under the constitution grant-
ed by him in 1901, passed laws
which proved impracticable. Further-
more, the constitution, by tending to
fan political passions, prejudiced the
interests of the fatherland and hin-
dered its development as a state and
nation.

BALKAN AFFAIRS SERIOUS.

Affairs in the Balkans, the king
adds, are very serious and Servia
needs order, unity and peace. She
should offer a bright example of a
peace-loving state and at the same
time always be ready to defend her
own true interests should this be-
come necessary for the purpose of re-
storing the unity, strength and order
of the country.

The king then suspends the con-
stitution of 1901 and declares the
mandates of the senators to be null
and void, and the proclamation goes
on to announce that the councillors
of state are retired and that the
skupshtina is dissolved. Several of
the laws, including the press law,
the communal law and the act gov-
erning the electoral system, are an-
nulled and replaced by laws pre-
viously existing.
Immediately after this proclama-
tion ordinances appointing new sena-
tors and councillors of state were
issued, and the king issued a second
proclamation by which the constitu-
tion of April 19, 1901, was restored
to its full validity.

DISPATCH IS NOT CLEAR.

London, April 7.—The dispatch
from Belgrade announcing King Al-
exander's coup d'etat is not clear on
some points, especially the restora-
tion of the constitution of 1901, and
efforts are being made to obtain
further information on the subject.

TAKING A FRESH START.

Vienna, April 7.—The Servian
coup d'etat, according to Belgrade
dispatches received here, was simply
designed to wipe out the false statu-
tion was granted in 1901 and to
make a fresh start. The constitution
was only suspended for a few min-
utes during which certain laws were
annulled and provisionally replaced
by new laws more in accord with the
constitution. Simultaneously with
the suspension of the constitution,
the government resigned and was
within a few minutes reinstalled in
office.

CITY BREVITIES.

Mrs. J. D. Carter, of East Butler
street, received news of the death of
a relative at Columbia City this af-
ternoon. She will go to that city to
attend the funeral.

Dr. K. E. Wheelock left this even-
ing for Indianapolis to attend the
meeting of the American Otological
association, composed of specialists
in the treatment of the ear. Dr.
Wheelock will return Thursday
morning.

The Baldwin oil well contractors
have finally succeeded in getting
3-inch piping to carry off the salt
water accumulation in the well shot
last Thursday and it is expected to
be delivered at Baldwin today. The
size is an unusual one and consid-
erable difficulty was experienced in
getting a sufficient supply of the
kind wanted. The pumps will be set
to work at once after which a new
well will be commenced.

AN EVEN SPLIT IN OHIO CITIES

Democrats and Republicans Divide Large Towns With Thirty Each.

TOM JOHNSON'S VICTORY

He Wins in Cleveland, Jones in Toledo and Incalls Loses Cincinnati.

Cincinnati, Ohio, April 7.—While the aggregate of pluralities in Ohio cities yesterday showed republican gains, the parties being almost even on the changes of local administrations, the most changes from the democrats to the republicans were at Columbus, Mansfield, Zanesville, Delaware, Delphos, Van Wert and Shelby, the republicans carrying Shelby for the first time. Among the cities that changed from republican to democratic mayors were Youngstown, Springfield, Akron, Troy and probably Findlay. While there were many fusion tickets in the field, notably in Cincinnati, the only successful ones were at Wellington, Marietta and Norwood. At East Liverpool W. A. Weaver and all the rest on the prohibition ticket were elected. In several of the larger cities the socialists made gains and in most of the municipalities the liquor question was less of a factor than ever before. At Oxford there were two tickets, both non-partisan, and the liquor element was successful.

There are seventy-one cities and 661 villages in Ohio. Of the sixty largest cities heard from officially it is noted that the republicans and the democrats each carried thirty. In the notable exception of Toledo, Jones, the independent mayor, will have little authority, as the republicans control all the city government except the office of mayor.

JOHNSON'S BIG PLURALITY.

Cleveland, Ohio, April 7.—Complete returns from yesterday's municipal election in this city give Johnson, democrat, for mayor a plurality of 5,985. Lapp, democrat, for president of council, has a plurality of 10,438 over Sontheimer, the republican candidate.

The republicans elected Schreiner for police clerk and two of the four members of the school council. Otherwise the democrats made a clean sweep. In the new city council the democrats will have seventeen and the republicans nine members.

Senator M. A. Hanna today gave the Associated Press the following brief statement concerning the result of yesterday's election:

"While the result in Cleveland is disappointing to the republicans, the effect will be to stimulate them to greater effort in future campaigns. The result, by no means, shakes my faith in the belief that we can carry this (Cuyahoga) county next fall. The general situation in the state continues favorable to the republican party."

(Signed) "M. A. Hanna."

Mayor Johnson had no comment to make on the result today further than to reiterate his previous statement that the result showed that the people were with him in his fight for three-cent street car fares and tax economies.

INGALLS SNOWED UNDER.

Cincinnati, O., April 7.—Complete returns from the 228 precincts in Cincinnati give Fleischmann, republican, 42,907; Ingalls, fusionist, 28,287; Swing, socialist, 3,774; Martin, prohibitionist, 845. Total, 73,813. Fleischmann's plurality, 16,620; majority, 12,001. The council and school boards each stand 20 republicans to 4 democrats. The entire city ticket, including all the boards, was elected by about the same vote as that of Fleischmann. The villages of Bond Hill, Evanston, Hyde Park and Winton place were annexed to Cincinnati by a decisive vote.

MAYOR JONES RE-ELECTED.

Toledo, O., April 7.—Mayor Samuel M. Jones was re-elected yesterday for the fourth term by a plurality of about 2,800 over John W. Doud, republican, and Charles Edson, democrat. Police Judge W. A. Chenheimer, democrat, was re-elected by a majority of 200. The remainder of the republican ticket was elected

by majorities ranging from 400 to 4,000.

RESULTS AT COLUMBUS.

Columbus, O., April 7.—Complete returns show that Robert H. Jeffrey (republican) for mayor, is elected by 3,000 majority over Mayor John N. Hinkle (democrat), who was a candidate for re-election. Mayor Hinkle was elected two years ago by 350. The republicans elected James M. Butler, solicitor; Sylvester C. Noble, for auditor, and two out of three members of the board of public service. The democrats elected W. C. Cussins for treasurer and Roy Wildermuth for police judge. The council will be ten republicans and five democrats, George Jones, democrat, being elected president.

MICHIGAN REPUBLICAN.

Detroit, Mich., April 7.—The republicans of Michigan yesterday elected their state ticket by a majority estimated at between 35,000 and 40,000. The ticket is as follows: For justice of the supreme court, Judge Frank A. Hooker, of Charlotte; regents of the state university, Peter White, of Marquette, and Loyal E. Knapp, of Grand Rapids. The vote throughout the state, except where local issues lent interest to the fight, was light. In Detroit an unusually light vote was cast. The only municipal officers elected were a police justice and eight school inspectors. Justice Sellers (republican) the present incumbent, was re-elected by a large majority and the republicans elected six of the inspectors. In Wayne county the republicans re-elected Auditor Burt and Judge Mandill.

Local issues determined the result in most of the smaller cities in the state.

TELLS OF WORK IN PHILIPPINES

(Continued from First Page.)

ity and the most sincere desire to promote the welfare and liberties of the islanders. In a series of exceedingly harassing and difficult campaigns they completely overthrew the enemy, reducing them finally to a condition of mere brigandage; and wherever they conquered, they conquered only to make way for the rule of the civil government, for the introduction of law, and of liberty under the law. When by last July, the last vestige of organized insurrection had disappeared, peace and amnesty were proclaimed.

"As rapidly as the military rule was extended over the islands by the defeat of the insurgents, just so rapidly was it replaced by the civil government. At the present time the civil government is supreme and the army in the Philippines has been reduced until it is sufficient merely to provide against the recurrence of trouble. In Governor Taft and his associates we sent to the Filipinos as upright, as conscientious, and as able a group of administrators as ever any country has been blessed with having. With them and under them we have associated the best men among the Filipinos, so that the great majority of the officials, including many of the highest rank, are themselves natives of the island. The administration is incorruptibly honest; justice is as jealously safeguarded as here at home.

PURELY FOR THE PEOPLE.

"The government is conducted purely in the interests of the people of the islands; they are protected in their religious and civil rights; they have been given an excellent and well administered school system, and each of them now enjoys rights to life, liberty and the pursuit of happiness such as were never before known in all the history of the islands.

"The congress which has just adjourned has passed legislation of high importance and great wisdom in the interests of the Filipino people. First and foremost, they conferred upon them by law the present admirable civil government; in addition they gave an excellent currency; they passed a measure allowing the organization of a native constabulary; and they provided, in the interests of the islands, for a reduction of twenty-five percent in the tariff on Filipino articles brought to this country. I asked that a still further reduction should be made. It was not granted by the last congress, but I think that in some shape it will be granted by the next. And even without it, the record of legislation in the interests of the Filipinos is one with which we have a right to feel great satisfaction.

"Moreover, congress appropriated three million dollars, following the precedent it set when the people of Porto Rico were afflicted by sudden disaster; this money to be used by the Philippine government in order to meet the distress occasioned primarily by the terrible cattle disease which almost annihilated the carabao, or water-buffalo, the chief and most important domestic animal in the island.

GREAT SUFFERING CAUSED.

"Coming as this disaster did upon the heels of the havoc wrought by the insurrectionary war, great suffer-

THE OLD RELIABLE

ing has been caused, and this misery, for which this government is in no way responsible, will doubtless in turn increase the difficulties of the Philippine government for the next year or so. In consequence there will doubtless here and there occur sporadic increases of the armed brigandage to which the islands have been habituated from time immemorial and here and there for their own purposes the bandits may choose to style themselves patriots or insurrectionists, but these local difficulties will be of little consequence, save as they give occasion to a few men here at home again to try to mislead our people. Not only has the military problem in the Philippines been worked out quicker and better than we had dared to expect, but the progress socially and in civil government has likewise exceeded our fondest hopes.

"The best thing that can be done in handling such a problem as that in the Philippines, so peculiar, so delicate, so difficult and so remote, is to put the best man possible in charge and then give him the heartiest possible support and the freest possible hand. This is what has been done with Governor Taft. There is not in this nation a higher or finer type of public servant than Governor Taft. He has rendered, literally, inestimable service, not only to the people of the Philippines, but also to the people of the United States, by what he has done in those islands. He has been able to do it because from the beginning he has been given absolute support by the war department under Secretary Root.

CIVIL GOVERNMENT RULES.

"With the cessation of organized resistance the civil government assumed its proper position of headship. The army in the Philippines is now one of the instruments through which Governor Taft does his admirable work. The civil government, of which Governor Taft is the head, is supreme and it will do well in the future, as it has in the past, because it will be backed up in the future as it has been in the past.

"Remember, always, that in the Philippines the American government has tried and is trying to carry out exactly what the greatest genius and most revered patriot ever known in the Philippine islands—Jose Rizal—steadfastly advocated.

"While we have been doing these great and beneficent works in the islands, we have yet been steadily reducing the cost at which they are done. The last congress repealed the law for the war taxes and the war department has reduced the army from the maximum number of one hundred thousand allowed under the law to very nearly the minimum of sixty thousand.

THE MILITIA BILL.

"Moreover, the last congress enacted some admirable legislation affecting the army, passing, first of all, the militia bill and then the bill to create a general staff. The militia bill represents the realization of a reform which had been championed ineffectively by Washington and had been fruitlessly agitated ever since. At last we have taken from the statute books the obsolete militia law of the revolutionary days and have provided for efficient aid to the national guard of the states. I believe that no other great country has such fine natural material for volunteer soldiers as we have, and it is the obvious duty of the nation and of the states to make such provision as will enable this volunteer soldiery to be organized with all possible rapidity and efficiency in time of war, and, furthermore, to help in every way the national guard in time of peace. The militia law enacted by the congress marks the first long step ever taken in this direction by the national government."

PRESIDENT AT BISMARCK.

Bismarck, N. D., April 7.—When President Roosevelt reached Bismarck this afternoon he found the town given to his entertainment. A delegation of 200 Sioux, Grosventer and Crow Indians arrived this morning. They will present the president with a written address testifying to their faith in him and their approval of his official acts in the interest of the Indians. Among the number will be Rain-in-Face, the Sioux chieftain who is credited with having killed Custer. The president will make an address from the balcony of

the capitol. Afterward he will be driven past an old-fashioned barbecue, in which two whole beavers are being roasted for the entertainment of the visiting guests. The weather is perfect.

Something Extraordinary.

Bird Island, Minn.

Since Sept., 1890, our daughter had spells of unconsciousness, sometimes lasting a day and sometimes as high as a week. She was a very nice and intelligent girl, but her health was gradually failing. An eminent specialist treated her nearly one year without any effect. Instead of improving, she became worse, then we tried Pastor Koenig's Nerve Tonic.

Joe M. Bowler, night Nurse Tonic. In a few weeks she showed improvement and since March, 1893, has not had a symptom of the disease, is now in good health and flesh, and completely herself again. There is something extraordinary about Pastor Koenig's Nerve Tonic to effect such a wonderful cure of such a tenacious disease.

It is a scientific fact that all cases of disease, not organic, are not only curable, but are the direct result of indigestion. In Girlhood

There is a great need of motherly watchfulness and care. A growing girl needs all her strength, and if she is nervous and melancholy, and loses appetite there is surely something wrong. This is especially true as the young girl approaches that important period when the womanly function is established. Timely care and proper treatment at this period may save much after suffering. The best medicine for young girls who are nervous, melancholy, and irregular of appetite, is Dr. Pierce's Favorite Prescription. It cures nervousness and melancholy, promotes the appetite, and gives the body robust health. There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine, and all other narcotics.

"My daughter was troubled with dizziness and constipation and was very nervous for three years," writes Mrs. M. Carter, of 1545 4th Street, N. W., Washington, D. C. "I tried several doctors but they gave her no relief. At times she would eat nothing, had green and purple circles under her eyes, and was melancholy. A woman friend of mine told me to try your 'Favorite Prescription' and 'Pell's Pellets' which I did. After taking one bottle of each she began to improve and is still improving. People said she looked as though she were going into a decline. She is twelve years old. There are no circles around her eyes now and she is healthy and robust, eats as much as any child, and is growing faster every day."

MEMBER OF COMMONS
RESIGNS HIS PLACE

Connection With Financial
Syndicate Forces Him
to Retire.

London, April 7.—William Hayes Fisher, member of parliament, financial secretary of the treasury, announced his resignation in the house of commons today, as a result of his connection as director with a financial syndicate and of his acceptance of a bonus of shares in the concern.

Mr. Fisher said the syndicate, whose affairs were now before the courts, had never issued any shares to the public. The whole difficulty arose from the vendor pledging shares to a banker, who sold them. Though he, Mr. Fisher, was not rich, he and Sir Joseph Lawrence, another member of this private syndicate, had arranged that every creditor and every shareholder should be paid in full. He had handed over his check for \$25,000 for this purpose. While conscious of his own integrity, Mr. Fisher recognized that the strictures of Justice Buckley rendered him liable to attacks in his official capacity and that he had, therefore, become a source of weakness to the government.

Mr. Fisher showed considerable emotion while explaining the cause of his resignation and was sympathetically cheered from both sides of the house.

Premier Balfour expressed his sympathy and paid a warm tribute to Mr. Fisher's personal character and official capacity.

The liberal leader, Sir Henry Campbell-Bannerman, associated himself with Mr. Balfour's remarks.

Ever Think About It?

MANY A RESIDENT OF FORT WAYNE WILL TELL YOU.

We are living in a very rapid age. Few of us bother our heads about small things, and so many persons look upon a pain, ache, or lameness in the back as a small pain. They wait for it to pass off, giving no thought to the cause. Remember these important facts, take a mental note of them for future use, and when the time comes use them. The kidneys are the sewers of the system; they carry off the impure matter, but sewers sometimes become clogged up. So do the kidneys. The kidneys are located near the small of the back, hence any stoppage affects the back. This means back-ache, weak back, lame back, and many other distressing symptoms. There is lots more to tell on this subject, but we won't do it here, for we want to show you how to keep the kidneys so the back will have no cause to ache. You might not believe us, so we will let one of your own citizens tell their experience.

Mrs. Joseph Ankenbruck, of 30 Erie street, says: "I did not take Doan's Kidney Pills, sold at Meyer Bros. & Co.'s drug store, as I should but they did me good. My son George was affected with both kidney trouble and backache and he started taking them. It was not long before he was cured."

IN JUSTICES' COURTS.

In the case of Lou Boner, of Edgerton, charged with murderous assault on George Bouvier several nights ago, a continuance was asked for and granted until a week from next Friday. His bond was fixed at \$500, in default of which he was sent to jail. Justice Skelton this afternoon is hearing the testimony in the case of William Ulmer, who charges William Ulmer and John Gutermuth with having assaulted him.

Minnie Behrman has filed an affidavit charging Henrietta Nestle with assault and battery. The women are neighbors on Lafayette street and had a rough time of it on Saturday night. Mrs. Behrman's clothing was so badly torn that she had difficulty in reaching her home without attracting unseemly attention. Justice Strass will hear and decide upon the merits of the action.

STRIKERS GO TO WORK.

Shamokin, Pa., April 7.—The eight hundred employees at the Mineral company's Luvie Fiddler colliery resumed work today. The employees at their meeting last night agreed to work nine hours on Saturdays until the matter could be definitely settled through arbitration. The Enterprise colliery, owned by V. L. Connell & Co., was started today after being tied up by the men since last Friday, they too, agreeing to work full nine hours on Saturdays until the question is arbitrated.

MINE DRIVERS STRIKE.

Mahanoy City, Pa., April 7.—The drivers employed at the Maple Hill colliery of the Philadelphia and Reading Coal and Iron company went on strike today because the officials of the company refused to allow them fifteen minutes at quitting time to stable the mules and as a result 1,400 mine workers, men and boys, are idle. The mine has a daily output of 1,500 tons. This is the largest and best producing colliery of the Reading company and was the only one in this locality visited by the anthracite strike commission when they toured the region.

RAILWAY STRIKERS
HAVE RESUMED WORK

Some of the Netherlands Employees Go Back—Troops Guard the Trains.

Amsterdam, April 7.—A number of employees of the Netherlands railroad returned to work today enabling the continuance of a restricted service. All the trains carry military escorts. Any employees who do not return to work at noon today will be dismissed.

The workmen's committee of defense has proclaimed a strike of the bakers throughout the country, but the master makers hope to prevent it from becoming general. The distribution of bread, however, will be restricted.

Steamers have resumed sailing from here for Hull. The night passed quietly.

DOCKMEN WILL STRIKE.

Rotterdam, April 7.—At a meeting of 3,000 dock laborers late last night it was resolved to make common cause with the striking railroadmen, but it was also decided that order must be preserved, so as to give the government no excuse for the adoption of harsh measures. One hundred men were sent off to act as pickets, with instructions not to use violence.

Workmen employed in the building trades threaten to join in the strike.

The warship Holland is moored off the town and a thousand soldiers have arrived here. The river is being patrolled by steam picket boats.

An attempt was made to wreck a passenger train which left here during the night. A tie was placed across the line, but the wheels of the engine threw it off and the train remained on the rails.

An international train service is believed to be assured.

CITY BREVITIES.

Herman Leininger, of 121 Esmond street, was operated upon at Hope hospital this afternoon for appendicitis by Dr. W. W. Barnett and Dr. W. D. Ruhl. Mr. Leininger has suffered several severe attacks of the disease, and determined upon the operation to forestall any further illness from this source.

"FROM MISSOURI"

But Pure Food Quickly "Showed Him."

The popular expression, "I'm from Missouri; you've got to show me," means a lot. Among the Missourians who have "been shown" the value of Grape-Nuts food is a man from St. Louis who says:

"It was during the summer of 1900 that I was taken really ill. For some time previous I had had premonitory signs, occasional headaches, gastric disturbances and a general feeling of debility. These increased until I became alarmed and sought medical advice."

"It seemed to me I was treated for all the ills that flesh is heir to but without avail. Finally I was frankly told by a physician that I had better put my business matters in order as I could live but a short time. I had actually resigned myself to die when a friend who knew what he was talking about made me change my food and try Grape-Nuts. It was a long time before I commenced, for it seemed impossible that the food would help me after so many able physicians had failed to cure me. Well, to make a long story short I at last decided to try Grape-Nuts and the food showed me what was the matter."

"The effect was magical. One by one the shackles of disease fell from me. My brain became clear, headaches disappeared and it seemed I could feel the improvement daily. I experienced the delicious glow of strong, rich revivifying blood flowing through my veins. I arose in the morning with old time vigor and life seemed worth the living."

"The first month of Grape-Nuts use I gained 20 pounds and I have been gaining steadily ever since." Name given by Postum Co., Battle Creek, Mich.

HUNTER MADE A
VERY BAD SHOT

J. W. McClellan, of Crestline, in St. Joseph Hospital With a Mangled Foot.

J. W. McClellan, proprietor of a hotel at Crestline, Ohio, was brought to St. Joseph's hospital this morning with a painfully mangled foot as the result of a hunting mishap in the Kankakee marshes Monday afternoon, where Mr. McClellan, with a party of Fort Wayne sportsmen, were after the elusive duck.

Mr. McClellan, following the usual custom of hunting duck upon the river, was lying upon his back in the boat, with a "blind" erected to screen himself from view of the birds, and as he moved slightly his coat caught his shotgun, throwing it against the side of the boat. This discharged the piece and the load entered the outer edge of the right foot, tearing away a portion of the toes and mangle the flesh somewhat.

Ed Klinedinst, of this city, who was with the unfortunate man, secured a rig and drove McClellan a distance of sixteen miles to a point where he could get a train for Fort Wayne. He brought the patient to St. Joseph hospital, where this morning Dr. W. W. Barnett amputated the little toe of the foot and dressed the other injuries.

HELD ANNUAL MEETING.

Stockholders of the Catholic Cemetery association held their annual meeting at library hall Monday evening, electing a director from each of the Catholic parishes of the city. The list is as follows: J. B. Reuss, Cathedral; H. C. Berghoff, St. Mary's; J. B. Lassus, Precious Blood; George Jacoby, St. Peter's; Edward Gilmarin, St. Patrick's, and Louis Fox, St. Paul's. The directors will meet next week for further organization.

PLUNGED UPON SIDEWALK.

A team hitched to a heavy truck of the Wayne Knitting mills started to run away on Court street this morning, swinging on to Main street at a dangerous clip. Bystanders attempted to stop the horses and the team then swerved upon the court house sidewalk, but were overhauled before damage was done.

FIX FINAL HEARING.

Judge Anderson has designated April 30 as the date for the final hearing in the bankruptcy matters of Benjamin F. Bowman, of Albion, and George W. Childers, of DeKalb county.

DOING GOOD.

The following extract from a letter written by Mr. Geo. H. Leader, publisher of the Breeze, Akron, N. Y., will give you some idea of the great good that is being done by Chamberlain's Cough Remedy in curing colds and grip: "My wife and self have used Chamberlain's Cough Remedy for la grippe and wish to attest to its beneficial effects and thank the manufacturers for the good they are doing suffering humanity. Whenever I hear of a case of la grippe I recommend this remedy."

Everybody is looking for Mad Anthony and Las Reinitas.

Mrs. Weisslitz, president of the German Womans' Club of Buffalo, N. Y., after doctoring for two years, was finally cured of her kidney trouble by the use of Lydia E. Pinkham's Vegetable Compound.

Of all the diseases known with which the female organism is afflicted, kidney disease is the most fatal. In fact, unless prompt and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Mrs. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that dreaded disease, woman's kidney troubles. The Vegetable Compound acts in harmony with the laws that govern the entire female system, and while there are many so-called remedies for kidney troubles, Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women.

Read What Mrs. Weisslitz Says.

"DEAR MRS. PINKHAM:—For two years my life was simply a burden. I suffered so with female troubles, and pains across my back and loins. The doctor told me that I had kidney troubles and prescribed for me. For three months I took his medicines, but grew steadily worse. My husband then advised me to try Lydia E. Pinkham's Vegetable Compound, and brought home a bottle. It is the greatest blessing ever brought to our home. Within three months I was a changed woman. My pain had disappeared, my complexion became clear, my eyes bright, and my entire system in good shape."—MRS. PAULA WEISLITZ, 176 Seneca St., Buffalo, N. Y.

Proof that Kidney Trouble can be Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I feel very thankful to you for the good your medicine has done me. I had doctor for years and was steadily growing worse. I had trouble with my kidneys, and two doctors told me I had Bright's disease; also had falling of the womb, and could not walk a block at a time. My back and head ached all the time, and I was so nervous I could not sleep; had hysteria and fainting spells, was tired all the time, had such a pain in my left side that I could hardly stand at times without putting my foot on something."

"I doctor with several good doctors, but they did not help me any. I took, in all, twelve bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of Liver Pills, and used three packages of Sanative Wash, and feel like a new woman, can eat and sleep well, do all my own work, and can walk two miles without feeling over tired. The doctors tell me that my kidneys are all right now. I am so happy to be well, and I feel that I owe it all to your medicine."—MRS. ORAL STRONG, Dalton, Mass.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address Lynn, Mass.

Mayor Sam Jones, of Toledo, the man without a party and without a political machine, seems to have pretty fair substitutes for both.

Chicago voters today are determining whether the mayorality of that city is the peculiar heritage of the Harrison family. And the result may make it appear so.

Hon. Melvin E. Ingalls will not be the next candidate of the democrats for governor of Ohio and he will not be the next candidate of the democrats for president of the United States. All because he will not be the next mayor of Cincinnati, a contingency upon which much was built.

Evidently the Shiloh controversy is never to be settled. It is announced that at the dedication of the Indiana monuments on the famous battlefield Gen. Lew Wallace had his temper rolled by discovery that the government blue prints of the field gave to Sherman's first brigade the position that General Wallace declares was occupied by his own brigade.

The death of Hon. Frank B. Burke, of Indianapolis, is untimely and sad. He was in full maturity of talents of unusually high and brilliant order and to have lived to man's full allotment of years would have vouchsafed to him a career full of distinctions and usefulness. Mr. Burke was a man of profound depth of conviction and tremendous earnestness. A compromise with conscience was a thing utterly hateful to him and all his acts and utterances were the most frank disclosures of what in his soul he believed. He was a democrat of the most pronounced type, but it was to the immutable principles of democracy he rendered homage and allegiance, not to everything that in the expedience of partisanship was pro-

nounced the faith. His death is a loss to the legal profession, to the citizenship and to the democracy of the state.

In Indianapolis some stories reflecting seriously upon the official integrity of E. D. Logsdon, of the board of public works and chairman of the city republican committee, have been in circulation. The Citizens' league, an organization that has for its object better municipal government, has been probing the charges against Logsdon and the matter has seemed likely to come to an issue soon. Logsdon has, therefore, notified the league that he intends to hold its members responsible for anything it may do by way of publication and circulation of charges affecting the republican city chairman. The league in turn has notified Logsdon that it purposes to act impartially and without fear or favor and will furnish the citizens of the city such information as it believes essential to better government. And there the matter is. Logsdon, from the look of things, has something on hand to keep him busy.

While the municipal elections in Ohio show republican success generally, as was to be expected, three details in the results stand out with striking prominence. In Cincinnati, M. E. Ingalls, the millionaire railroad president, was defeated in a contest in which his republican opponent, Mayor Fleischman, received the largest majority ever given a mayoralty candidate in that city. Ingalls was the candidate of an independent organization and had the democratic endorsement. Ingalls is a democrat, but in 1896 was one of the leaders of the gold democracy. He has been seriously mentioned as a presidential possibility next year.

His campaign in Cincinnati was regarded as the entering wedge to the Ohio governorship, thence to the presidency. His rival in this program has been Tom J. Johnson, mayor of Cleveland. Johnson, after the most desperate fight of his whole political career, has won out handsomely. There is wider meaning in his victory than the Cleveland mayoralty and three-cent street car fares. With his prestige augmented anew there seems little likelihood of his gubernatorial aspirations being headed this side of the democratic nomination. The most striking result of three alluded to is the reelection in Toledo of Sam Jones, the "golden rule" mayor. Nominated by petition, with no party organization of his own, with both old parties supporting regular nominated tickets and with every newspaper not only against him, but absolutely refusing to recognize his candidacy, even to the point of steadfastly declining to mention his name, Jones has again carried the city by an overwhelming majority. It is a tremendous one-man victory and the most amazing exhibition of non-partisan political influence and power of which any

community in the country furnishes record.

FEAR ATTACK ON ROOSEVELT.

Yankton, S. D., April 7.—From Sunday morning till President Roosevelt left Yankton yesterday all county and city officials, as well as railroad detectives, were on the lookout for a party of nine men supposed to have designs on the president. Secret service men had given orders to this effect to the chief of police, sheriff and railroads, saying some of the men were following the president and some ahead. The description of the men as stated by Acting Marshal Gibsch, of Yankton, says five of the men are apparently Jews; none of them is over 5 feet, 6 inches tall; only two have smooth faces; the oldest is forty-two and the youngest twenty-three years old. Gibsch stated that every person who arrived since Sunday morning had been closely scrutinized, but no men answering the description were seen.

BUFFALO MEAT FOR MARKET.

Boston, Mass., April 7.—"Pawnee Bill" is forming a buffalo trust and says that "the tenderfoot in the east will be eating buffalo meat before long." He has cornered a herd of 288 buffaloes. Within a few weeks he expects to become the owner of all the remaining buffaloes outside of the government reservations. He has purchased a large stock farm near Kenosha, Wis., and will breed buffaloes there. He hopes before long to raise enough to begin shipping to Milwaukee, Chicago, Kansas City, Omaha, Fort Worth and other slaughtering points. A thoroughly sound buffalo when slaughtered is worth about \$1,200 in eastern markets. "Pawnee Bill" expects to make a fortune raising the animals for slaughter. He says the far western ranges are no longer suited to raising buffaloes, hence his purchase of Wisconsin land.

INDIANS ARE FLEEING.

San Francisco, Cal., April 7.—The Warner ranch Indians are fleeing to the hills to escape eviction. Albert Juan, an Indian interpreter who has just returned from the ranch, states that there is very little hope of the Indians submitting quietly to be carted off from Agua Caliente, and they are now leaving the reservation and the commissioners will find no one to move when they arrive. Juan intimates that before the Indians leave they will demand the payment of \$50,000 for improvements made on the ranch.

HAD STORMY PASSAGE.

New York, April 7.—The Red Star line steamer Southwark, Captain Dann, arrived at her dock today from Antwerp after a prolonged passage of fifteen days, in which she encountered terrific weather. Gaie after gale came in constant succession. The steamer was able to make very little headway. Her best day's run was 284 knots, while 123 was the low limit of speed on March 28. Severe gales with high seas prevailed throughout the passage. Captain Dann says the Southwark sustained no damage and the only casualty was the death of a child in the steerage of acute pneumonia.

POISONER IS HANGED.

London, April 7.—Kloshowski, alias Chapman, the Southwark saloonkeeper, who murdered by poison three women who lived with him as his wives in different parts of London, was hanged today in Wandsworth jail. He was in a state of complete collapse and had to be supported by warders. He protested his innocence to the end, declared his real name was Chapman and said he was an American by birth.

Republicans placed in nomination candidates for the city council at caucuses held Monday evening in all the city wards, with the result detailed above. Delegates were also chosen for the convention Wednesday evening, which will nominate candidates for waterworks trustees.

While in most of the wards there was a good vote out, there was little scramble for places on the ticket, the Fifth and Sixth wards alone presenting anything like a lively contest for nomination. In other wards competing names were announced, many of them without the consent of the gentlemen concerned, and simply to give the balloting an appearance of party hopefulness. In the Fifth Charles D. Crouse surprised the leaders by winning out against William Etzold, and down in the Sixth, which is regarded as nominally a republican ward, Fred C. McCracken made a spirited fight for a place on the ticket without success. Mr. McCracken, who represents the younger element in the party, had suspicions for several days that some of the party leaders were planning to ditch him, but he put up a game fight to the end.

AMENITIES OF ROYALTY.

Copenhagen, April 7.—On the departure of Emperor William from Copenhagen for Kiel, where he arrived yesterday, he sent a characteristic telegram to King Christian, as follows:

"My heart prompts me to once again express my warmest thanks for the never-to-be-forgotten happy days I have been permitted to spend with your circle of all your dear ones. From the day of the splendid reception which you and the inhabitants of your beautiful capital prepared for me until the last moment when I had to bid you farewell my visit afforded me unalloyed pleasure. Accept my special thanks for having received me in your family circle and rest assured I shall henceforth regard myself as a son of the house. I pray to God that He will make your approaching birthday a day of both joy to you and your house and your people and that he may long preserve you in unimpaired health."
(Signed) "Wilhelm."

NO DOUBT ABOUT IT.

There is no question but that Chamberlain's Stomach and Liver Tablets are the best preparation on the market today for all derangements of the stomach and bowels. There is no better proof of this than when once a person has been benefited by them he is anxious that all sufferers should hear of them. Mr. J. G. Page, of Alhambra, Ala., has used these Tablets with satisfactory results and writes as follows: "No doubt you have hundreds of testimonials from all over the United States as to the merits of your medicine, but ask that you allow me to add mine to the list. I have used Chamberlain's Stomach and Liver Tablets myself and in my family and I think they are the best on the market today. They are exceedingly popular in our community."

The Zion's Walther league orchestra will play at the Easter services in Zion's Lutheran church next Sunday morning.

A SWEET BREATH

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies, but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. Meyer Bros. & Co.

SOLICIT INDICTMENT QUASHED BY COURT

Deputy Constable Held Not to
Have Intended to Violate
the Law—The Courts

The first of the cases against justices of the peace and constables indicted by the grand jury for taxing illegal fees was quashed of this morning and Deputy Constable John Soliday was the successful defendant. Soliday had not long been indicted as a deputy before he was indicted for violating the statutes in that he charged up fees according to previous practices and usages, but technically contrary to the law regulating the emoluments of such limbs of the law. This morning in the circuit court a motion was made to quash the indictment on general principles, but citing circumstances and precedent, together with lack of intent or motive. Judge O'Rourke sustained the motion and the indictment was quashed.

LANE UP AGAIN.
William Lane had several more innings in the circuit court yesterday afternoon, after being once fined for violation of the Nicholson law after a jury trial. By leave of the court he pleaded guilty to selling liquor to minors and was fined \$10 and costs and on his representation the judge also set aside the forfeiture of his bond of \$100 for failure to appear in court a week previously. Inasmuch as he had paid a fine of \$40 only a few weeks ago, the prosecutor thought he had been sufficiently punished and thereupon motioned two other cases of similar character. The defendant gave replevin bail in the two cases in which he was fined yesterday, with H. G. Braun as surety.

SUIT FOR DAMAGES.
Edward Merriam has commenced suit against the Fort Wayne Traction company for damages in the sum of \$3,000. He alleges that on the night of February 19, 1902, he left Fiegel's grocery, on Wells street, to go to another grocery in the neighborhood, but across the street. While crossing the defendants' tracks he was struck by car No. 108, which was run at a rapid rate of speed and passed the crossing without giving any warning by gong or bell, and gave no other signal of its approach; defendant says he looked and listened intently before crossing, but saw nothing and heard nothing. He was struck and knocked fifteen feet and

so injured that he remained under a doctor's care for a period of six weeks and therefore claims damages in the sum of \$3,000 and other proper relief.

Fry vs. the Fort Wayne Gas company for damages, a motion for a change of venue from the county was filed by the defendant.

The commissioner in the partition suit of J. R. Dupeyron vs. George Sausette filed his final report, which was approved by Judge Heaton.

James L. Liggett, Jr., has been by the court appointed guardian of his sister, Ethel Liggett, minor heir of Ida M. Liggett, deceased.

**AIRY, FAIRY LILLIAN
BROKE FOR LIBERTY**
Maples Woman, Known to Police, Arrested With Others
—All Intoxicated

Lillian Maples, Mary Patte and John Johnson were interrupted in the midst of a gorgeous revel on Columbia street this afternoon by Officer Stevens, who locked the trio up in the police station. They were just about as drunk as they could get without spilling over, but were insisting on loading up with additional booze. They will bow to the police judge in the morning.

Lillian, who is a smooth bird and acquainted with all the ins and outs, particularly the outs, at the police station, managed to make her escape when first arrested. Officers Stevens and Spillner had the trio down stairs and while Spillner was searching Johnson, Stevens went into the clerk's room to get the keys. Lillian walked toward the cell corridor and then quietly slipped up stairs, through the court room and into the street before she was missed. She lost no time in getting away and her frequent incarceration made her entirely familiar with the quickest way out of the building. Superintendent Gorsline came into the station just about the time the escape was discovered and ordered the two officers to go out on the hunt and never come back unless they brought the prisoner with them. Stevens hiked for the Nickel Plate depot, while Spillner made a bee line for the Pennsylvania depot, where a train was just about due to leave. When Spillner reached Calhoun street he boarded a southbound car and there he found the gentle Miss Maples snugly ensconced in a seat, jag and all, also headed for the depot. He immediately placed her under arrest again and took her back to the station in the patrol wagon. Later an old sport from Montpellier put up money for the appearance of the trio at police court in the morning, depositing \$45.

Wednesday, Thursday, Friday and Saturday are Spring Opening Days at Wolffs'

Tomorrow Morning

We throw open our doors upon the largest, best selected and most imposing stock of Men's and Boys' late style 1903 Spring Clothing, Hats, Shoes and Furnishings ever placed upon Exhibition in the City of Fort Wayne.

Wednesday! Thursday! Friday! Saturday!

Are Spring Opening Days.

STOCKS and learn the UNMATCHABLE LOW PRICES which we defy any firm in Northern Indiana to match within 30 per cent.

No Fake Schemes,

No Expensive Trading Stamps,

Nothing but the GREATEST VALUES ON EARTH to greet the eye and gladden the hearts of all visitors.

OUR preparations for the Spring have been made upon a scale unequalled in the surprising history of Wolffs' most successful business career. The mammoth stocks of all new and dependable goods are the results of purchases made months ago—with a knowledge that a general advance in prices would likely occur later in the season. The mastery that *Spot Cash Buying* commands was brought into full play and the result has proven the wisdom of our course; we offer customers today merchandise in every department of our store at fully **30 per cent less** than the same goods can be bought for at any retail establishment in Northern Indiana and fully 15 per cent less than any dealer in Fort Wayne can duplicate them for today at *wholesale*. These are plain undisputable facts and a comparison of goods and prices will clearly prove the absolute correctness of our claim.

The Consolidated Product of Mills and Makers

all bought for SPOT CASH far below prevailing market prices and gathered by us for this spring—are revealing new goodness in qualities and revelations in low price possibilities—such as the public is quick to appreciate. The futile efforts of ill-starred competition, plodding aimlessly through the old courses, never appeared so ridiculously as they do now in comparison with our original and advanced methods, which have enabled us to reach a pinnacle of success heretofore considered as unattainable. **ONE AND ALL** are earnestly requested to pay us a visit and inspect our **PEERLESS NEW STOCK OF SPRING WEARING APPAREL**. The looker is as welcome **HERE** as the ready buyer. And the working man's 100 cents are more acceptable to use at all times—than the GOLD DOLLAR of the millionaire.

Easter Suits! Easter Top Coats!
Easter Hats! Easter Shoes!

EASTER FURNISHINGS!

Are here in all their glory at a positive **SAVING** to you of **FULLY 30 PER CENT.** Be sure to be on hand early. A great surprise awaits you.

**GOES TO JAIL FOR
TAKING OVERCOAT**

Andy Schlenker Stole Garment
from a Saloon—General
News of the Police.

Andy Schlenker, who is usually a pretty well behaved fellow when sober and correspondingly bad when drunk, broke into trouble last night and this morning was given a severe dose for theft. He had been working for William Goodfellow for several days, but soon got overloaded with prosperity first and then with bad whisky and flew his job. Last evening he meandered into Goodfellow's saloon on Main street and soon concluded to appropriate a fine Oxford overcoat belonging to Clarence Bobay, who was plying pool. Bobay notified Mr. Goodfellow, who in turn notified the police, and from circumstances surrounding Schlenker's arrival and immediate departure from the saloon he was suspected. Detective Rulo found him at Momper's barn on Harrison street, where he was just preparing to "get in the hay." He had the overcoat on and was taken to the station. This morning he was fined \$10 and costs to which was added a sixty-day term in jail.

MARTIN IS FINED.

The city case against Emmett Martin, the well known Buchanan street plumber, charged with relaying a sidewalk contrary to the rules and without permission from the board of works, was next called. Martin made a vigorous defense, claiming that last summer he sent John Auer to the city hall to get permits to relay sidewalks in front of a number of lots on Buchanan and Force streets and that the lot in question, lot 15, Moran's sub-division, was among the number. The records show that certain permits were granted at the time indicated to Auer, but that lot 15 was not among the lots listed and Mr. Martin could not find the permit, while the board and the clerk testified that no such permit had been issued and that none would issue to lay the sidewalk as wanted by Mr. Martin. The board and the court also testified that it is not likely that Martin would have taken out a permit a year ago for work to be done this year, neither would he have completed all the work but that on lot 15 last August and left that particular spot to be improved this year. The court concluded that Mr. Martin had violated the ordinance and assessed a fine of \$10 and costs. Mr. Martin stayed the docket and may take an appeal.

POLICE NOTES.

A gentleman named Burnett reported that while he was putting up his horse at 3028 Calhoun street last night the animal got away from him and has not yet been found. The horse was dressed for hot weather, having nothing on but a harness, sans bridle.

Humane Officer Schlaudroff last evening put up a horse which he had seen standing on the street early in the morning. He learned that the animal had been left without food or drink from 8 a. m. until 6:30 p. m. and accordingly housed the outfit at a feed barn.

Mrs. Robert Laughry yesterday changed her mind after she found that the local police officers would not go to Lima, O., to get her husband, who had deserted her. She accordingly requested Superintendent Gorsline to request the Lima officers to again arrest her recreant spouse and she went to the Ohio city last night to say things to him and force him to contribute to her support under pain of being prosecuted for desertion.

Martin Gay, an old gentleman who is somewhat eccentric, called at police court this morning to get a list of persons who are habitually addicted to drink. He professes to be able to cure any case of dipsomania and says that if professional drunkards would only give him a fourth of what they spend for drink he could completely cure them of the liquor habit. He was referred to the county jail and recommended to commence work on Dick Schreck, Tom Underwood and a few others who are now doing time in Sheriff Stout's sanitarium.

ON THE CARPET.

The board of safety will meet this evening in regular session and among other things a fireman will be brought before the board for investigation. Some time since the board issued an order that city employees must pay their debts promptly and that no person could remain in the employ of the city who did not pay his bills promptly. They hold that the wages paid are sufficient to provide the employees comfortably and that delinquency would not be tolerated. The particular fireman will be expected to present receipts for bills else his resignation will be demanded.

Mr. Ziemendorff,

"I take great pleasure in recommending Paracamp for burns, cuts, swellings and all inflammations. It not only relieves instantly, but quickly heals and cures. I consider it a most valuable household remedy, and think every family should keep a bottle in their home."

Mr. Ziemendorff purchased Paracamp from Meyer Bros. & Co.

Every bottle of Paracamp is guaranteed to do just what we claim for it.

Pending his action in the matter his name is withheld.

MORMON CHIEF RAPS CLERGY.

Salt Lake City, Utah, April 7.—President Joseph F. Smith, of the Mormon church, before the general conference yesterday afternoon attacked bitterly the ministers and others who opposed the seating of Senator Reed Smoot. He called the Protestant ministers and their allies "lying, hypocritical, sneaking, cowardly wolves in sheep's clothing that go through the world seeking to stir up trouble and strife for the righteous." He berated them as "contemptible hounds" and prophesied that they would be swept off the face of the earth. Other speakers congratulated the Mormon people on the fact that for the first time in their history they had succeeded in getting an apostle into the United States senate.

JOHN MOST AGAIN FREE.

New York, April 7.—After serving a year's imprisonment, less about two months for good behavior on Blackwell's island, John Most, the anarchist, has been released. Most was convicted for the publication in his paper, Freiheit, on the day President McKinley was shot of an article with the caption "Murder and Murder," which was held by the courts to endanger the public peace in that it was an incitement to the murder of rulers. This was the decision of the court of special sessions before which Most was arraigned and was affirmed by the higher courts. Upon his release Most went at once to Union Hill, N. J.

CARPENTER DIES WEALTHY.

Boston, Mass., April 7.—Patrick McAler, the famous millionaire carpenter of Boston, is dead, aged 88 years. He came here from St. John, N. B., with \$1,000, and while working at the bench every day amassed a fortune of \$3,000,000. He never signed a contract, although he handled jobs for buildings counting up in the thousands. He always paid cash for everything, from a pound of nails to a business block worth \$250,000. Most of his property was located in the heart of the city and included some of the oldest and most valuable pieces of real estate in Boston. His son was not allowed to remain idle, but when old enough was put to work at the bench on \$15 a week.

BETTERS LORENZ'S METHOD.

Boston, Mass., April 7.—Ralph W. Bartlett, a Boston lawyer, has just completed a mechanical appliance for treatment of congenital hip dislocation that promises to surpass Dr. Lorenz's method of bloodless surgery. The appliance has been tested in Boston hospitals and found to cure such cases even after they are over 10 years old, the age limit fixed by Dr. Lorenz. Mr. Bartlett's invention was prompted by fatherly love, for his own daughter was so afflicted. The machine is so constructed as to hold the bones while the necessary lengthening of the muscles, ligaments and tissues is gradually accomplished without the severe wrenching by the hand method. Only these parts are stretched which actually are holding the bone in its normal position.

SUICIDE OF WEALTHY WIDOW.

Anderson, Ind., April 7.—Mrs. Fannie McLeod, aged fifty-seven years, a wealthy property owner and one of the best known women of the city, committed suicide yesterday by hanging herself. The hanging occurred at the home of C. K. Bagot, an attorney, where she was remaining over night with her niece, Miss Virgie Hall. Mrs. McLeod was the widow of the late Dr. McLeod. Since the death of her husband, five years ago, Mrs. McLeod has grieved almost constantly and became deranged. She has threatened to commit suicide a number of times, but she has been closely guarded. It was not thought that she would attempt it by hanging. She remained in bed after her niece arose, and when the latter went to call her she found the door locked. A rope made of wrapping twine was used and the aged woman hanged herself to a door hinge.

ATTEMPTED TO BURN A TOWN.

Washington, Ind., April 7.—Incendiaries last evening made the second attempt within a week to burn out the business portion of Montgomery, a little town seven miles east of this city, making the second attempt within a week. Just after dark a pedestrian saw a blaze at the rear of a livery stable and, running to the

place, discovered a pile of blazing oil and soaked kindling. The flames were extinguished without much loss. Evidence of attempted incendiarism was found in other parts of the town less than a week ago, when the public school building was set on fire at Montgomery. Excitement is intense in the little town and the citizens threaten trouble if the firebug is discovered.

For liver trouble and constipation There's nothing better in creation Than Little Early Risers, the famous little pills.

They always effect a cure and save doctor bills.

Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. Meyer Bros. & Co.

DECIDED NOT TO STRIKE.

Rome, April 7.—The meeting of workmen called last evening and which lasted throughout the night decided to abandon for the present the idea of inaugurating a general strike.

GOOD FOR CHILDREN.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe, because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure, life-giving and life-sustaining oxygen to the blood and tissues. Meyer Bros. & Co.

The Ladies' Progressive Aid society will meet tomorrow afternoon with Mrs. E. G. Pierce, at her home on East Lewis street.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by Dreier & Bro. Trial bottles free.

BASEBALL

The Sentinel acknowledges the receipt of a neatly printed "official schedule" of the Central league from President Mautner. This schedule is an exact counterpart of the schedule printed in The Sentinel of March 30, the only correct schedule yet printed in this city. The mileage of each club is given and Sunday and holiday games are printed in red ink. The official schedule credits games in Fort Wayne during the week of June 22-28, which games have been transferred as follows: Instead of Marion playing here June 20, 21, 22 and 23, double-headers will be played on the 20th and 21st, and then, instead of Evansville playing here June 24, 25 and 26, Fort Wayne will go to Evansville on those dates, in return for which Evansville will play in Fort Wayne June 30 and July 1 and 2, instead of Fort Wayne playing at Evansville. The game at Fort Wayne with Terre Haute scheduled for June 27th will be postponed until the next day, which will be Sunday, June 28, when a double-header will be played. This arrangement is satisfactory to all the clubs and has been unanimously agreed to, thus leaving the week open for the Eagles' carnival, which will be given on the ball park.

Captain Bado Myers reported last night and up to this writing is the only Fort Wayne player on the ground. Others are expected this evening, tonight and tomorrow, which is the date set for their reporting. No practice will be attempted until Wednesday, when about twenty men are expected to have reported. Captain Myers says that he has no reason to believe that Fort Wayne has any business to be anywhere except close to the front end of the first division at any time, notwithstanding the fact that the first sixteen games will be with Terre Haute and Evansville, touted as the strongest teams in the league. He says he does not know quite all of the Fort Wayne men, but he knows enough of them to feel safe in predicting that Fort Wayne will make as good a showing as any of them. He does not think it proper to even suggest who he considers the most likely men to remain on the team until he sees all of them at work. Some, of course, will have to go, but all will be given equal opportunities and the pick out of the bunch will be retained.

The filling has all been put on to the ball park, over thirty loads being required. This afternoon a heavy roller was at work and the carpenters and plumbers will commence work in the morning so as to have everything in readiness for the first game of the season with the Marion Owls on Saturday next and with the Shamrocks on Sunday. Much interest is being manifested in the Shamrock game and if the weather is fine there will doubtless be as many as 4,000 or 5,000 people out to witness it. The Saturday game should also attract a large crowd, as the Marion Owls are considered one of the fastest amateur clubs in the state.

On Monday morning the seats in the grandstand were all in good order, while yesterday at least a dozen of them were broken and as many more were promiscuously tumbled about the inclosure. Pure vandalism and spivework are responsible for a number of petty, as well as costly, annoyances which the management has been up against all spring.

EXONERATES MAUTNER.

Central League News Interchange Special. Wheeling, W. Va., April 7.—Last week a Wheeling paper printed a sensational story to the effect that Mautner, of Fort Wayne, not only objected to the schedule adopted at the Marion meeting of the Central league magnates, but that he also threatened to withdraw his city from the league and had declined to put up his \$500 guarantee fund in the hands of President Bement. That Mautner threatened to withdraw from the league had already been related in a Central League Interchange special from Shober, of Fort Wayne, and this incident was doubtless authentic; that he failed to post his guarantee at the Marion meeting was asserted by magnates who were in attendance. However, in justice to the league, the following explanatory letter from President Bement is printed:

"Evansville, Ind., April 4, 1903.—Sporting Editor of Intelligencer, Wheeling: Dear Sir:—I inclose you herewith a clipping, which I am told comes from your paper. In justice to Mr. Mautner, I wish to say that he has complied, as have all other cities, in the posting of guarantee money to finish the season, as per my letter of instructions. In this letter all clubs had the privilege of posting the guarantee money at the meeting at Marion on the 25th of March, or to mail same to me before April 1 direct. This latter Mr. Mautner has done, as was his privilege.

"Mr. Mautner did not threaten to withdraw from the league, nor did I

hear any report from other members of this at the meeting at Marion. The fact that Mr. Mautner voted for the adoption of the schedule, together with voting South Bend's proxy, shows that he was satisfied.

"I trust that you will give this explanation as prominent a place in the columns of your paper as you did the inclosed clipping, in justice to the Fort Wayne club and the Central league.

"Yours very truly,
"G. W. Bement, Jr., President."

The news that Mr. Mautner has posted the Fort Wayne guarantee will be received with general satisfaction throughout the circuit and removes any lingering apprehension that may have been felt in certain quarters of the good faith of the Fort Wayne magnate. The disastrous results attending the failure of clubs to post guarantee money, so often seen in the minor leagues, are so well known that comment is unnecessary. With all the Central league clubs posting their \$500 forfeits, the organization assumes a solid financial footing that insures the continuance of all the clubs to the close of the season. This is as it should be, and the writer will not be the last to commend Mr. Mautner and his Fort Wayne partners for their exhibition of faith in the stability of the Central league.

The Wheeling players are assembling this week and under the coaching of Manager "Barley" Kahn are rapidly being whipped into form for the first game of the season next Monday with the Boston National leaguers. The Stogies are not expected to make it much of a struggle with Duckenberger's team, owing to the lack both of practice and team work, but base ball is full of surprises that make it the premier American game, and the unexpected may happen on this as on many another similar occasion of Giant vs. Pygmy.

INDEPENDENT TEAMS COMING.

The best independent teams in this part of the country will be booked to play against the Shamrocks in this city when the league team is on the road. Logansport will be the first one to come and will have George Cuppy, ex-National league pitcher, on the slab. Logansport came to Fort Wayne last season with a brass band and over 400 rooters, with Ream on the firing line. The rooters from the Bridge City have not recovered from the drubbing the Shamrocks gave their team and are coming down to clean up the Fort Wayne boys this trip.

The Shamrocks have worked out the last three Sundays and expect to put up a good article of ball against the Fort Wayne team next Sunday.

BUILDING LABORERS' STRIKE.

The building laborers' strike presents no new phases today. The union men are still out and are virtually locked out, but are taking things easy and are not suffering. Used to hard labor, all who are inclined have secured work in other lines except the committee, which is in daily session. They are thus prepared to hold out for an indefinite time. No work is progressing except that on the high school building, principally because that is about the only large improvement that has brick on hand to work, strike or no strike. At headquarters the committee has absolutely nothing to say, except that they are trying to win their point through the bosses and not through the newspapers. Members of the union outside of the committee say that the bosses conceded

an advance to the bricklayers of 5 cents an hour and are trying to make up for it by taking 2 1/2 cents off the hodcarriers, since that is the amount less they are getting now than they did two years ago. As soon as brick begins to come into the market and building commences to open in earnest the men claim the bosses will be obliged to make concessions, and if they do not the men will all continue at other labor and will stick it out all summer. But few non-union men have gone to work anywhere and none are at hand who can be engaged. The committee says they look for no change in the situation for a week or two.

OFF TO TELEPHONE MEETING.

Judge W. J. Vesey, W. E. Mossman, G. W. Pixley and S. M. Foster, who are among the Fort Wayne stockholders in the South Bend Home Telephone company, left for that city this morning to attend the annual meeting of the company. A board of directors will be elected and a dividend declared.

BUYS CIGAR STAND.

W. H. Starke, for many years day clerk at the Wayne hotel, this morning concluded negotiations for the purchase of the cigar and news stand at the hotel, and has assumed possession of the business. Mr. Starke has a very wide acquaintance and will undoubtedly make a success of the venture.

CONFESSIONS OF A PRIEST.

Rev. Jno. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for liver and kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Dreier & Bro. Only 50c.

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis, so bad at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success." Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by Dreier & Bro.

The only ancient gold diggings yet discovered which are of sufficient magnitude to be those of the Ophir of David and Solomon are those of the Zambesi region. The gold contributed by David alone to the building of the temple, being "3,000 talents of the gold of Ophir," would be in value over \$60,000,000.

"Hobson's Choice"

Tobias Hobson was the first man in England who let out hackney horses.

When anyone wished to hire a horse, he was obliged to take the one standing nearest the stable door—he had no selection. Hence the old proverb, so familiar now, was born:

"To elect there is but one—
'Tis Hobson's choice—take that or none."

Before the introduction of **Uneeda Biscuit** buying soda crackers in a paper bag, was like hiring Hobson's horses—there was no choice. In kind and quality there was but one—take that or else take none. Whether stale, soggy, dirty or old—'twas ever the same "Hobson's Choice."

Uneeda Biscuit in In-er-seal Packages have revolutionized this old method and set an example that has received the stamp of public approval, as the sale of over 200,000,000 5 cent packages attest.

The In-er-seal Package insures their quality, cleanliness and crispness, because it is airtight, moisture proof, dust proof and germ proof.

HON. F. B. BURKE'S LIFE HAS CLOSED

Brilliant Lawyer and Democratic Leader Dies in Indianapolis.

Indianapolis, Ind., April 7.—Frank B. Burke died at St. Vincent's hospital yesterday. His death came as the termination of an illness of many months. The trouble which resulted in his death became apparent early in the fall of 1902, at which time it was diagnosed as tumor of the capsule of the kidney. He had submitted to three operations for the relief of the trouble, the first occurring about four months ago at Jeffersonville. The operation, which gave only temporary relief, was followed by a second, which was likewise practically without result.

SKETCH OF HIS LIFE.
Frank Baker Burke was born at Jeffersonville, Ind., Nov. 20, 1856. After passing through the public schools of his native city he entered St. Joseph college, at Bardonia, Ky., from which he was graduated with honors in June, 1876. He entered the Law University of Louisville immediately upon finishing his classical course and was graduated in the spring of 1878.

He began the practice of his profession in Charlestown, which was at that time the county seat of Clarke county, and immediately commanded a good clientele. Two years after beginning the practice he was elected prosecuting attorney of Clarke county, and so well did he perform the duties of the position that he was re-elected in 1882 and again in 1884. While in office he prosecuted a man for murder and succeeded in sending him to the penitentiary for life. Afterward, becoming convinced of the accused man's innocence, he determined to secure his pardon. Through several administrations he continued his efforts without avail and only succeeded during the last days of Governor Mount's term.

ELECTED TO STATE SENATE.
In 1888 he was elected to the state senate. In the senate his forcible personality gave him immediate prominence in the councils of his party.

His next public position was as United States district attorney, to which he was appointed by President Cleveland in March, 1893.

It is conceded that the state never had a more efficient, vigilant, courageous and brilliant district attorney. Upon retiring from the district attorney's office Mr. Burke formed a partnership with Henry Warrum in the practice of law.

In 1900 he was an avowed candidate for the democratic nomination for governor, but was defeated by Hon. John W. Kern. Mr. Burke heartily acquiesced in the choice of the convention and later was nominated for congress in the Indianapolis district. He made a vigorous campaign against Congressman Overstreet, but was defeated.

He was married in 1884 to Miss Mary E. McCann, of Jeffersonville, who, with three children, Allan, Edmund and Jean, survive him.

The money will be divided as follows: Horses, \$2,000; cattle, \$2,200; sheep, \$900; swine, \$800; fat stock, \$210; poultry, \$300; agricultural products, \$200; horticultural products, \$200; domestic and fine arts, \$380; purses, \$4,000. The directors propose to put up permanent buildings for stock. Besides the list of premiums offered by the fair association, there will be a number of prizes given by local merchants.

The monthly business meeting of the B. Y. P. U. of the First Baptist church will be held this evening at the home of Miss Anna Philley, 2903 South Calhoun street.

BANKER AND EDITOR JUDY UNDER ARREST

Lafayette Man Charged With Horse Stealing—Three Indictments

Lafayette, Ind., April 7.—John F. Judy, publisher of the Call, one of Lafayette's republican dailies, a financier of wide reputation, inventor of the Judy system and founder of Judyville, was arrested on three charges here yesterday and is now awaiting trial on \$2,500 bond.

Friday the grand jury returned three indictments against Judy, two of them associating his name with that of Sam P. Hunter. Judy is charged with grand larceny, is charged with Hunter with conspiracy and is accused with Hunter of grand larceny for another crime.

The indictments are the outgrowth of the robbery of the Goddard livery stable at Clark's Mill last May. Hunter, who claims he was acting as Judy's agent, went to Orson T. Goddard and offered to buy his livery stable. Hunter did not have ready money, so he mortgaged the livery outfit in Goddard's name. Soon after the transfer of the stock the livery stable disappeared. The outfit, under the direction of Hunter, traveled to Grant county. A week later it appeared at Paris, Ill., and there it was advertised for sale. The stock, horses, harness, buggies and all sold for about \$1,000. It had been valued at \$1,200.

ARREST OF HUNTER.
Goddard caused the arrest of Hunter. He was tried, convicted and sentenced to the penitentiary for grand larceny. A motion for a new trial was promptly overruled by Judge DeHart. A supplemental motion was filed and it was sustained. Hunter being again let out on bond. He is now awaiting his second trial.

During the hearing of the evidence in support of the motion for a new trial an affidavit made voluntarily by Samuel P. Hunter to the grand jury was introduced. The affidavit charged that John F. Judy had engineered the scheme, laid the plot, and reaped the reward. As a result of that affidavit the indictments were returned. An indictment charging Judy and Hunter with stealing a horse valued at \$100 from Andrew D. Hanger was also returned.

John F. Judy came to Lafayette a few years ago from Williamsport, in Warren county, near which place he had established the town of Judyville.

JUDY A MONEY-LENDER.
His forte was in lending money. He would mortgage the chattels of the person who wished to borrow, and on the first failure to pay at the appointed time he would send his lieutenants to the home, take a horse, a cow or anything which he considered satisfaction for his claims. He employed good attorneys and had a band of followers.

Three years ago Judy purchased the Lafayette underwear factory. When a new bank started up, John F. Judy's name was prominently mentioned. He invested in several other local enterprises. Two years ago the Call changed proprietors. John F. Judy became publisher. It has been one of the most stalwart republican papers in northern Indiana, and frequently strong republican editorials above the signature of Judy have appeared.

When a team of horses, upon which Judy had a mortgage, disappeared from its barn, the Call was the first to proclaim, in glaring headlines, that horse thieves were extant and that they had gotten away with a team of horses.

Associated with Judy in the editing and publishing of the Call are O. T. and Fred R. Letcher, the latter being a son-in-law of Judy.

VALENTINE ABT COMING.

Mr. Abt and Miss Weber are coming under the auspices of Charles Alexander.

THE MEN AND WOMEN

Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanently to universal acceptance. However loudly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and learning the real worth of the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. The above is true not of food products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and curative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system he will tell you that it is the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that Syrup of Figs is an excellent laxative and is glad to sell it, at the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only; the name of the remedy—Syrup of Figs and also the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

COSTS NOTHING UNLESS CURED.

A Fair Offer Made by Meyer Bros. & Co. to All Sufferers From Catarrh.

Meyer Bros. & Co. are selling Hyomei on a plan that has caused considerable talk amongst their customers.

The plan is different from that followed by other remedies, but the remedy itself is different also. This treatment for the cure of catarrh has such an unusual record of cures to its credit that Meyer Bros. & Co. offer to refund the money if it does not give the desired benefit. This is certainly one of the fairest offers that can be made, and any one who has catarrh and does not take advantage of it is doing himself or herself an injustice.

The Hyomei treatment consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The complete treatment costs but \$1.00 and as the inhaler will last a lifetime and there is sufficient Hyomei for more than a month's use, the medicine is very inexpensive. Many people who have used it write that for the good Hyomei has done them they would willingly pay thousands of dollars.

Extra bottles of Hyomei can be procured for use with the inhaler at 50c.

Do not suffer any longer with tickling, smarting, irritating, burning, eye-watering troubles that afflict those who have catarrh. Hyomei will cure you, but if you should not find it adapted to your case Meyer Bros. & Co. will return your money.

Miss Agnes Fairbank has returned to Oxford college to resume her studies.

The Day on Wall Street.

New York, April 7.—Declines in Union Pacific, Southern Pacific and Pennsylvania made the tone of the opening market heavy. Changes as a rule were very small and dealings were very light. There were running sales of 1,300 shares of Union Pacific at 91¼ to 91½, compared with 91½ last night. Southern Pacific declined ½, Pennsylvania ½ and Rock Island preferred a point. There was an advance of a point in Lackawanna.

Buying orders appeared on the decline for the western stocks. Prices turned upwards all through the list and the earlier small losses were supplemented by equal gains. Purchases had slackened greatly by the time St. Paul, Rock Island, New York Central, Mexican Central and National Railway of Mexico stocks gained 1 to 1½. Southern Pacific recovered to 57½ and then reacted to 55½. Top prices elsewhere were not well held and the tendency was downward again at 11 o'clock. Reactions ran to near a point in leading stocks. Third Avenue 2 and Virginia-Carolina Chemical preferred declined 3½.

Southern Pacific touched 55, the low point on the movement, and then rallied a point. The narrow drift of prices elsewhere was in sympathy with this stock. Among less active stocks Westinghouse Electric lost 4, Lackawanna reacted to 1½ below yesterday, Northwestern fell 2½, New Haven 2, St. Louis Southwestern preferred 1½ and Detroit Southern preferred and Union Bag preferred a point. Southern Pacific fell back to about the lowest before noon. Speculation was practically stagnant. Bonds were steady at noon.

Prices sagged slowly, large liquidations of Southern Pacific and Rock Island having an unfavorable effect on the market. Southern Pacific broke through 55, but met support. Lackawanna increased its loss to 3½ and Amalgamated, United States Steel, Delaware and Hudson, Reading, St. Louis and San Francisco and Southern Railway fell 1@1½. The United States Leather stocks were actively bought for a time and the preferred gained a point.

Pressure was continued in spots, while at other points the tone was better. United States Steel preferred, Pennsylvania and Baltimore and Ohio and Metropolitan Street railway were included in the list of stocks losing a point or more. Lackawanna lost 6 in all. There was not much pressure at any time, prices fading away gradually on sales by disgusted holders, with practically no demand. The market hardened slightly before 2 o'clock.

Fresh selling caused declines of about a point in Union Pacific, Norfolk and Western, Ontario and Western, Kansas City Southern preferred, St. Louis and San Francisco second preferred, Colorado and Southern and Manhattan. Lackawanna extended its loss to 8 and Lake Erie and Western preferred and Cleveland, Lorain and Wheeling preferred dropped 5 and Colorado and Southern first preferred 2. Some large blocks of United States Steel stocks changed hands. Southern Pacific recovered to 56 and Northwestern rallied 1½. There were feeble rallies elsewhere leading to stagnation and the market closed in that state.

CALLED UP AT MIDNIGHT.

"I was called up at midnight last night by a man who had come three miles for a bottle of Chamberlain's Cough Remedy for croup," says Wm. H. Heine, druggist, of Guttenberg, Iowa. "I have found that it always cures croup." Think of the dread and anxiety that the mother of this child must have felt while waiting at home, perhaps alone, hoping that her child would survive until the messenger could return with the medicine that was certain to give relief. If parents of croupy children would consider the risk they are taking, they certainly would keep a bottle of this remedy in their homes.

PHYSIOLOGICAL DISCOVERY.

One of the stones which the builders of physiological theories had rejected bids fair to become the head of the corner, says Harper's Weekly. Dr. Sajous, of Philadelphia, has disclosed to his medical brethren some surprising theories about the ductless glands in the human body. There are two small organs called the suprarenal glands (placed just above the kidneys) which have been thought to be useless, but Dr. Sajous avers, as a result of fourteen years of investigation, that they are of vital consequence. They secrete a substance which, carried to the lungs, takes up oxygen, and forms another substance which becomes mixed with the blood. It is this last substance,

called adrenoxin, which does the work of supplying the tissues with oxygen which has so long been credited to the red corpuscles. The suprarenal glands are connected by nerves with a small organ in the brain (the use of which has not been known) which governs them and regulates their absorption of oxygen. Dr. Sajous says that it is on this organ of the brain, called the anterior pituitary body, that all poisons work, and it fights them by stirring up the glands to take up more oxygen. More oxygen means more combustion, the burning up of poisons of which the symptom is fever. A strong pituitary enables a man to lay in a good supply of oxygen and destroy disease germs, and now that the use of pituitaries is understood, they can be stimulated on occasion by drugs, so that folks with weak ones may make a better fight against germs. Dr. Sajous considers that what we have been used to call vitality is simply pituitary efficiency. All this is good for the doctors to know, if it is so, and it is interesting anyway. It is always a satisfaction, when a job is found for an organ that has been held to be useless. Some day it may be discovered that the vermiform appendix is a valuable anatomical asset, and that no man who has lost his may reasonably aspire to be president. That the body should contain an organ the sole use of which is the enrichment of the surgeons who remove it is not reasonable.

DREADFUL ATTACK OF WHOOPING COUGH.

Mrs. Ellen Harrison, of 300 Park ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor, who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by Dreier & Bro.

TRAVELING CRANE CALLED PERFECT

Handle a Ninety-Five Ton Locomotive as if it Were a Weight of a Few Pounds

THE WABASH'S NEW SHOP

Ground Broken for Foundation—Contractor and Masons Arrive in the City.

The traveling cranes in the new erecting shop of the Pennsylvania company were given a thorough test this morning, when they picked up engine 864 as if it were a straw, carried it from the east to the west end of the shop, and from the south to the middle, or pit track, where it was safely deposited on the rails. This engine is one of the largest freighters ever seen in Fort Wayne. It is of the pattern known to Pennsylvania railway men as the H-6-A, and as it stood this morning when the hoisting tests were made it weighed 193,540 pounds—about 96.5 tons. Both of the 95-ton cranes were employed in lifting the engine—one at each end—but Mr. Lewis, who represents the builders, asserts that either could do the work alone were it possible to get hold of the locomotive so it would swing without tilting. It was expected to make the test yesterday afternoon, and at 3 o'clock the motive power and other officials were summoned and the reporters of the city papers were notified by telephone. A number of officials and visitors, including the newspaper men, soon gathered at the scene. When they arrived the engine which was to figure in the test was standing on the transfer table east of the old shop and considerable time was consumed in getting it into the new shop. When an effort was made to attach the hoisting apparatus the discovery was made that the links connecting the cross bar under the frames with the apparatus were too short and that others must be provided. When this was announced—at 5:45 o'clock—the test was declared off for the day and the spectators were informed that it would be made this morning. It took place at about 8 o'clock, an hour earlier than the officials and the visitors of yesterday expected, and as a result there were none there but the shopmen and a Sentinel man to witness it. Later, however, two more engines, Nos. 304 and 355, of lighter type, were taken in and transferred from the entrance to the pit track in the presence of Superintendent of Motive Power Crawford, Superintendent J. B. McKim, Master Mechanic Fitzpatrick and others. All three of these engines are in for general repairs and, although there is considerable work to do in the way of arranging tracks, putting in floor, etc., the new shop as far as it goes, may be said to be open to business. These traveling cranes were described by The Sentinel last summer, when the order for them was placed, and it is not necessary to go into detail concerning them now, suffice it to say that they were built and installed by the Morgan Crane company, of Alliance, Ohio; have three hoist motors, one trolley motor and one bridge motor each and a guaranteed capacity of 95 tons each. J. R. Lewis had charge of their installation in the shop and he assisted N. M. Loney, the assistant master mechanic of the Pennsylvania, in making the tests. Gerald Traxler and F. M. Michael, machinists in the shops, have been assigned to the positions of crane operators, and Mr. Lewis instructed them in the work. "The responsibility of a crane operator is just as important as that of an engineer on the road," said Mr. Lewis. "He must look not only for the safety of the men at work in the shop beneath him, but must see to it that every part of the machinery is in perfect order at all times and that the locomotive or other thing that is to be hoisted has been properly fastened, lest it fall and be damaged." Mr. Lewis left on No. 9 this evening for Alliance; thence he goes to Buffalo to set up other hoisting machinery. The accompanying picture represents the locomotive as it was suspended prior to being carried to the pit track.

Commence Work Tomorrow.

The gang of laborers engaged in removing buildings and rubbish from the site of the east end of the Pittsburg erecting shops, have succeeded in clearing a portion of the ground and tomorrow Contractor Sproul will put his masons at work in building the concrete foundation. A portion of the foundation for the north wall was put in last fall. Mr. Sproul expects to be working upon the foundations and walls where they pass through the old shop the middle of next week.

Unknown Man Suicides.

Peru, Ind., April 7.—A deliberate suicide of an unknown man occurred at Homewood, a flag station on the Wabash railroad, east of here, Saturday afternoon. Conductor Prince states that the man stood beside the track until the train was within fifty feet of him and then he fell to his knees and placed his head upon the

rail. Engineer Munro had no time to stop the train before striking the stranger, who was so cut to pieces that there was nothing left by which to identify him. The body was buried in a pine box at Homewood Sunday.

Wabash Improvements.

W. S. Dames, superintendent of bridges and buildings for the Wabash, is in the city to receive and open bids for the brick work for the new shop building the company is about to have erected. John Dames, foreman of the carpenter department, was in the city several days ago, submitting the plans and inviting the contractors to put in bids for the work. The concrete and stone work will be done by W. T. Carmichael, who arrived in the city at noon today with a gang of men, ready to take up the work of excavating tomorrow. The foundation will be five feet wide at the base and six feet deep and will be of the most substantial character. The building will be located between the machine and the blacksmith shops, will be 40x80 and two stories high, with a ten-foot space between its walls and the walls of the machine shop and blacksmith shop. It is intended for bench work and other work where heavy tools are not required. Mr. Dames said that the company was making many improvements along the line and remarked that the maintenance of way and building departments have a busy season ahead of them. Among the improvements to be undertaken immediately is the putting in of a nine-girder double-track steel bridge to span the wagon road three miles east of the city. Mr. Carmichael will also put in the abutments for this bridge. The company will also install a hot water system at Peru, similar to the one in this city, for washing boilers.

Ballasting the Road.

Richmond Sun-Telegram: "The Grand Rapids and Indiana railroad is very busy just now graveling and ballasting its roadbed between this city and Fort Wayne. Most of the gravel used is taken from the large pit northwest of the city, and the road is being put in the best of condition. Almost all the old trestle work bridges have disappeared from the Grand Rapids and Indiana and new iron bridges have been built in their places. North of Winchester there was formerly a steep grade on both sides of a river, but a large fill has been made there and the old trestle bridge is being displaced by a large iron one."

Took in Four Members.

Fort Wayne lodge, No. 136, Brotherhood of Railway Trainmen, took in four applicants at the meeting last Sunday, which is a very common occurrence with that lodge nowadays. The new members are A. B. Menningway, W. R. D. Hepner, Charles Gray and F. J. Leland. The ball committee made a favorable report of the sale of tickets for the sixth annual ball at the rink next Monday, 735 having been disposed of at that time. They also reported that they had secured Reineke's orchestra of thirteen pieces and made other arrangements for making the ball the best the brotherhood ever gave.

Stock Movement is Heavy.

The movement of live stock eastward is very heavy at present, if the same conditions prevail on other trunk lines that exist on the Pennsylvania. On the latter line three solid trains loaded with cattle passed through this city this morning. Yardmen say that the movement has been on for some time, though it has been heavier during the past week than for any previous week this year.

Better Than Reported.

W. E. Rowe, who was a member of the committee of adjustment in the matter of wages on the Wabash and who returned from St. Louis Sunday night, will report for duty tomorrow. Mr. Rowe says that the papers made a slight error in publishing the amount of increase given the yardmen in this city. The night helpers get a raise of five cents per hour, instead of four, as stated. A concession which Mr. Rowe regards as most important is given in rule 14, which grants to the yardmen an hour for dinner, between 11:30

a. m. and 1:30 p. m., and pays them extra if they are required to work.

Knights Templar Train.

Probably the largest number of Knights Templar to arrive in the city on the occasion of the meeting of the order in this city next week will come in over the Wabash on a special train at 10:15 on the morning of the 15th. Commanderies from Lafayette, Logansport, Peru, Wabash and Huntington will come on this train.

Placed an Order for Cars.

The Pennsylvania Northwest system has just placed an order for 2,200 cars, to be delivered during the present year. These cars are all to be of 100,000 pounds capacity and are of the following kinds: 1,510 XL metal under frame box, 300 all steel GL hopper, 277 GSA all steel gondolas and 113 all steel flats. The orders were placed with the American Car and Foundry company.

The Hartnett Funeral.

Many of the shopmen, and particularly those employed at the Wabash shops, were off duty this morning for the purpose of attending the funeral of the late Wabash shop yard foreman, James Hartnett, which took place from St. Patrick's Catholic church at 9 o'clock. Mr. Hartnett was a most clever and estimable man and occupied a prominent position in the hearts of his fellow men.

Panhandle Men Here.

Mr. Walters, assistant general car inspector of the Southwest system of the Pennsylvania, Mr. Hanna, foreman of the Logansport car shops, and Mr. Sherren, foreman of the paint shop at the same place, were in the city yesterday and spent an hour or two at the new erecting shop in the hopes of witnessing the test of the big cranes.

Passenger Conductor C. A. Ellenwood, of the Pittsburg, is sick and off duty.

F. H. Baum, of the Nickel Plate, who was hurt some time ago, has reported for duty.

Machinist E. F. Krebs, who was sick a week, reported for duty at the Pittsburg shops this morning.

Mrs. Bert Flowers, wife of a Pennsylvania fireman, will go to Lima tomorrow to visit relatives a few days.

L. B. O'Rourke has been appointed yardmaster of the Hocking Valley road at Columbus, vice A. J. Crumley, resigned.

Capt. H. M. Deidt returned to his air brake instruction car at Columbus yesterday, after spending Sunday with his family.

Section men on the Sandusky division of the Big Four are out on strike. They now receive \$1.15 per day and demand \$1.35.

The Cleveland, Akron and Columbus began work on April 1 on a new freight depot at Akron, Ohio. It will be built of brick and will cost \$25,000.

A 60-horse power motor to Coldwater and a 35-horse power motor to Wakefield, Mass., were among the shipments from the Electric works today.

August Humbrecht is a new man at the Wabash round house. Thomas Hedges resigned a position there.

John Saur, who quit a job in the shop yards a month ago, was re-employed this morning.

Switchman DeWitt, who was sick two or three days, reported for duty at the Pittsburg yards this morning.

Patternmaker E. H. Stephan, of the Pittsburg, has recovered from an illness which kept him from his work a few days.

General Manager Mummert, of the Indiana Car Service association, was in the city today on business with the local railway men.

R. J. Fisher left this afternoon, over the Nickel Plate, for Cleveland on business for the Bass Foundry and Machine company.

Boiler Foreman B. F. Sarver, of the Pittsburg shops, went to Wanahtah this morning to look after some matters connected with his department.

W. S. Hovey, an apprentice in the Pittsburg boiler shop, hit one of his fingers with a hammer this morning, inflicting a wound that will disable him a few days.

Samuel Elliott, foreman of the pattern room at the Electric works, has returned to Toledo, where he was called a day or two ago on business for the company.

Wabash engine 49, now in the shops in this city, made a record for mileage without repairs. This engine ran 135,496 miles from the time it left the shops until it was taken in there last week.

F. O. Jackson, a carpenter from Van Wert, Ohio, has taken a position as car builder at the east shops. J. A. Stephenson and H. B. McDougall, car builders, resigned yesterday to engage in other work.

Arthur Hicks, night yardmaster of the Pittsburg yards, resumed charge last night, releasing William Hayes, who resumes charge of a switching crew. With Mrs. Hicks, Mr. Hicks had been visiting relatives in Bellevue, Ohio, his old home.

Chester Birely, son of Blacksmith William Birely, of the Pittsburg shops, has resigned a position at the Wolffs clothing store to take one with the local agency of the Smith Premier Typewriter company. He will inspect typewriters in the city.

The Louisville division of the Pennsylvania has just completed five long passing tracks—at Harland, Rowe, Perry, Gardner and Carey—and eliminated some heavier grades. As a result of the latter improvement the tonnage of cars has been increased.

There is a movement on foot to remove the Kansas City Southern railroad shops from Pittsburg, Kan., to Joplin. The report was current several months ago that the road was figuring on building shops at Neosho, but for some unknown reason the deal fell through.

J. Haslop, who suffers from stomach disease and who was unable to work all winter, is again sick with the malady, after a few weeks' service in the Pittsburg planing mills. Mr. Haslop is a favorite at the shops and his misfortune is regretted by all. A. L. Dugwards and J. J. Maley, of the Pittsburg shops, are also sick.

E. P. Galland, a machinist in the Pittsburg shops, who resides at 421 East DeWald street, had some toes painfully bruised yesterday by an iron falling upon them. R. W. Hughes, a Pennsylvania freight house employee residing at 1310 Horace street, had the first finger of his right hand injured yesterday. Dr. C. B. Stemen attended both unfortunates.

Charles McCoy and Charles Hausbach, apprentices at the Wabash shops, and John Henline, a carpenter at the same shops, were each presented with an heir last night and are off duty today, familiarizing themselves with their new domestic conditions. The advent of the little ones makes Machinists J. W. McCoy and Michael Hausbach "foxy grandpas."

All is quiet today at the scene of yesterday's battle between the American and Italian section men at the Pittsburg yards. Foreman Wayne Ireland dismissed Tony Roffarele, who started the trouble. Ralph Roffarele, who had a thumb injured, and P. Roteno, who had his head cut, are off duty for repairs, but they have been retained in the service and will soon return to work.

Somebody Has Said

That wise people don't buy cheap Kid Gloves. Such a boycott would be commendable for a variety of reasons. One is that they are not "kid," another that they are not "cheap" except as Webster defines the word, "of small value, common, mean." There are other reasons, but probably these will suffice. We sell Kid Gloves cheap, but we do not sell cheap "kid" gloves. Buy your Easter Gloves here and satisfaction will go with every pair.

MRS. NANCY OPLIGER

CALLED FROM EARTH

Pioneer Woman Was Long a Resident of Allen County
—Other Deaths.

Mrs. Nancy Opliger, a pioneer resident of Allen county, died at 2:30 o'clock Monday afternoon at the home of her foster-daughter, Mrs. Charles Cook, one mile west of Wallen. Mrs. Opliger had reached the advanced age of 80 years, and death was due to the infirmities of age and an attack of grip about four weeks ago.

Mrs. Opliger was the widow of Daniel Opliger, a veteran of the civil war, whose death occurred in a hospital during his army service. Her maiden name was Andrews, and she came to Allen county with her parents, locating near Abolt sixty years ago. Surviving are two stepchildren, Mrs. Rebecca Ervin and George Opliger, and a foster-daughter, Mrs. Charles Cook, all residing near Wallen. Her brothers and sisters all preceded her in death. Mrs. Opliger was a most estimable woman, a pioneer member of the Methodist church, and her life was a thoroughly admirable one, combining not only a consistent Christian devotion, but a kindly, helpful consideration for those about her.

The funeral services are to be held Thursday morning at 10:30 o'clock from the M. E. church at Wallen, Rev. Jones, of Hometown, officiating.

SIMMINGER.

Mrs. Hermine Simminger, wife of Henry Simminger, died at 4 o'clock this morning at the family home, 1207 Park avenue, from typhoid fever, at the age of 26 years, 10 months and 18 days. A particularly sad feature of the case is the fact that Mrs. Simminger leaves a babe but five days' old. A daughter, Elsie, aged two and one-half years, with the husband, also survives.

Mrs. Simminger was formerly Miss Hermine Nahrwald, daughter of Mr. and Mrs. Frederick Nahrwald, of this city, was a most estimable young woman and a devoted member of Emmaus Lutheran church. Other relatives surviving include four brothers—Fred Nahrwald, of Portland, Ore., and Henry, Otto and Gustave Nahrwald, and a sister, Miss Louise Nahrwald, all of this city.

GALLAGHER.

Thomas G. Gallagher, 46 years of age, whose home was at Covington, died at 4 o'clock this morning at St. Joseph hospital, from cancer of the throat. Mr. Gallagher was a brother of Sheriff Edward Gallagher, of Columbia City, and had been a patient in the institution for several weeks.

For the past twenty years, until failing health compelled him to retire from active duties, Mr. Gallagher was agent of the Wabash railroad at Covington, Ind. He leaves five children.

The remains were taken to Columbia City, where funeral services will be held at 9 o'clock Wednesday morning.

LONG.

Henry Long, a well known retired farmer, died at 9 o'clock this morning at the home of his son, Cyrus Long, two miles from the city upon the Maysville road, at the advanced age of 73 years and 10 months. Death was due to stomach and bowel trouble.

Mr. Long was born in Pennsylvania, but came to Allen county fifty years ago, and has since been identified with the growth and development of the county. His wife died thirty-two years ago, and the surviving children include two sons and three daughters—Cyrus and John Long, Mrs. Albert Wagner, Mrs. William Frederickson, of Michigan, and Mrs. William Tieman, of this county.

Funeral services will be held from the residence Thursday afternoon at 2 o'clock. Interment at Lindenwood.

FUNERAL NOTICES.

Blum.—Funeral services of August Blum will be held Wednesday afternoon at 2 o'clock from the residence, 620 Sturgis street, and at 2:30 from St. Paul's Lutheran church, Rev. Miller officiating.

Rudolph.—Funeral services of Charles Rudolph will be held from the Kiehn & Melching undertaking rooms, Wednesday morning at 9:30 o'clock.

Bauch.—Funeral services of Ethel Bauch will be held Wednesday afternoon at 2 o'clock from the residence of the grandparents, Mr. and Mrs. Valentine Berger, 26 Eagle street.

A SPRAINED ANKLE QUICKLY CURED.

Last summer I sprained my ankle badly and thought I would be laid up for a week or more. The pain was intense. I used Chamberlain's Pain Balm freely and in five hours I could walk and in less than one day was entirely free from pain. I cheerfully recommend it as a first-class remedy. J. THEY DIFFER

THE THOUGHTS OF YOUNG MEN AND WOMEN TREND IN DIFFERENT DIRECTIONS IN THE SPRING.

The poet tells us that "In the spring a young man's fancy lightly turns to thoughts of love."

This may be all true about the young man, not only in the spring but all the year around, but experience teaches us that at this season of the year the fancy of a young, middle-aged or aged woman turns, not lightly but with serious consideration, to thoughts as to how she can best beautify the home in which she spends twenty out of the twenty-four hours of the day.

At no place in Fort Wayne can she receive better object lessons as to how this can be done than at the Pape Furniture company store on East Berry street. Here are shown the largest line of Rugs and Furniture that has ever been shown in Fort Wayne. Never have the designs in Rugs been so beautiful or the colors so harmoniously blended as are those shown this season. This great stock embraces such well known makes as Royal Wilton Velvet, Imported Axminsters, Electric Axminsters, Reed Axminsters, A. T. Smith's Axminsters, Biglow's Body Brussels, Hartford, Bromley's complete line, Smyrna, etc. In all these lines the sizes run from door mat size to room size, 9x15 feet.

During the fall and winter the furniture buyer of the Pape Furniture store was busy in the largest furniture markets of the country purchasing everything new and handsome for his house. The wisdom of his choice is shown in the beautiful pieces of furniture of all descriptions that crowd every nook and corner of the mammoth store. The Pape Furniture company goes on the principle that the Fort Wayne people want the best that their money can buy and every article in their store is the best for the price marked in plain figures on each piece of furniture; no hieroglyphics, as in many stores, enabling the seller to ask just what he thinks the buyer will stand. Here you know that you are paying just what is asked every customer that comes into the store.

THISTLES AND DANDRUFF.

An Interesting Parallel and a Valuable Deduction Therefrom.

Cutting down thistles no more relieves the land of thistles than does scouring the scalp cure dandruff. In each case permanent relief can only come from eradicating permanently the cause. A germ that plows up the scalp in searching for the hair root where it says the vitality, causes dandruff, falling hair, and baldness. If you kill that germ, you'll have no dandruff but a luxuriant suit of hair. Newbro's Herpicide is the only hair preparation in the world that cures dandruff, falling hair and baldness by killing the germ. "Destroy the cause, you remove the effect."

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Fellens & Polster, special agents."

The Place to Buy Your Coal

I am ready to take orders for your next winter's coal. Hard coal and Pokahontis. The summer time is the time to prepare your next winter's fuel for several reasons: You can buy it cheaper, and second, is you give the coal dealer time to put your coal in your bins, and third place, is you have got your coal in when winter comes and you don't have to run to the coal yard when the coal man is busy, that he cannot wait on you. AND ONE GREAT REASON IS YOU KNOW what the gas company has told you, that for next winter you must prepare other fuel, and don't be deceived and wait till cold weather comes and strikes come on—the way to avoid all trouble is to put your coal in when we can take care of you, and one other great point is when you buy in the summer you get better coal.

The rumor is among local agents that they are not allowed to solicit orders as there is going to be a great deal of early coal bought this year, as the people are not going to be fooled this time as they were last year. They are going to get their coal and they will know they have got it.

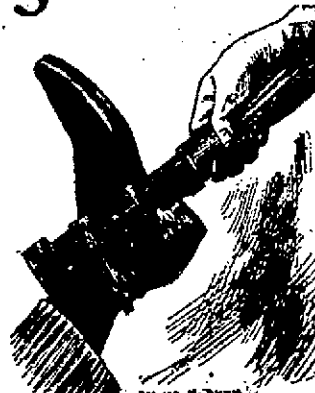

This demand is going to make coal scarce and high. Don't wait till coal goes, and you cannot get it, but buy when you can buy right and at the low prices. These prices hold good till the 1st of June. Call up the Wilding Coal yard. Phone No. 6265.
